846세션으로!
의료팀도
보내줘!

Panel 1: A man in a lab coat stands in a futuristic room, reaching out towards a glowing, spherical device. A large, stylized 'K' sound effect is written above him. A speech bubble says: "괜찮아요?!"

Panel 2: A close-up of the man's hand, which is glowing with a bright, swirling energy. A large, stylized 'G' sound effect is written over the hand.

Panel 3: The man is shown from the chest up, looking shocked with his mouth open and hands outstretched. A speech bubble says: "조 박사님?!"

Panel 4: A close-up of the man's hands, which are still glowing with the same energy. A speech bubble says: "이게 대체 무슨..."

무슨 짓을
저지른 거예요?!

서...
성공 확률이
95퍼였는데!

성공 확률이
...!

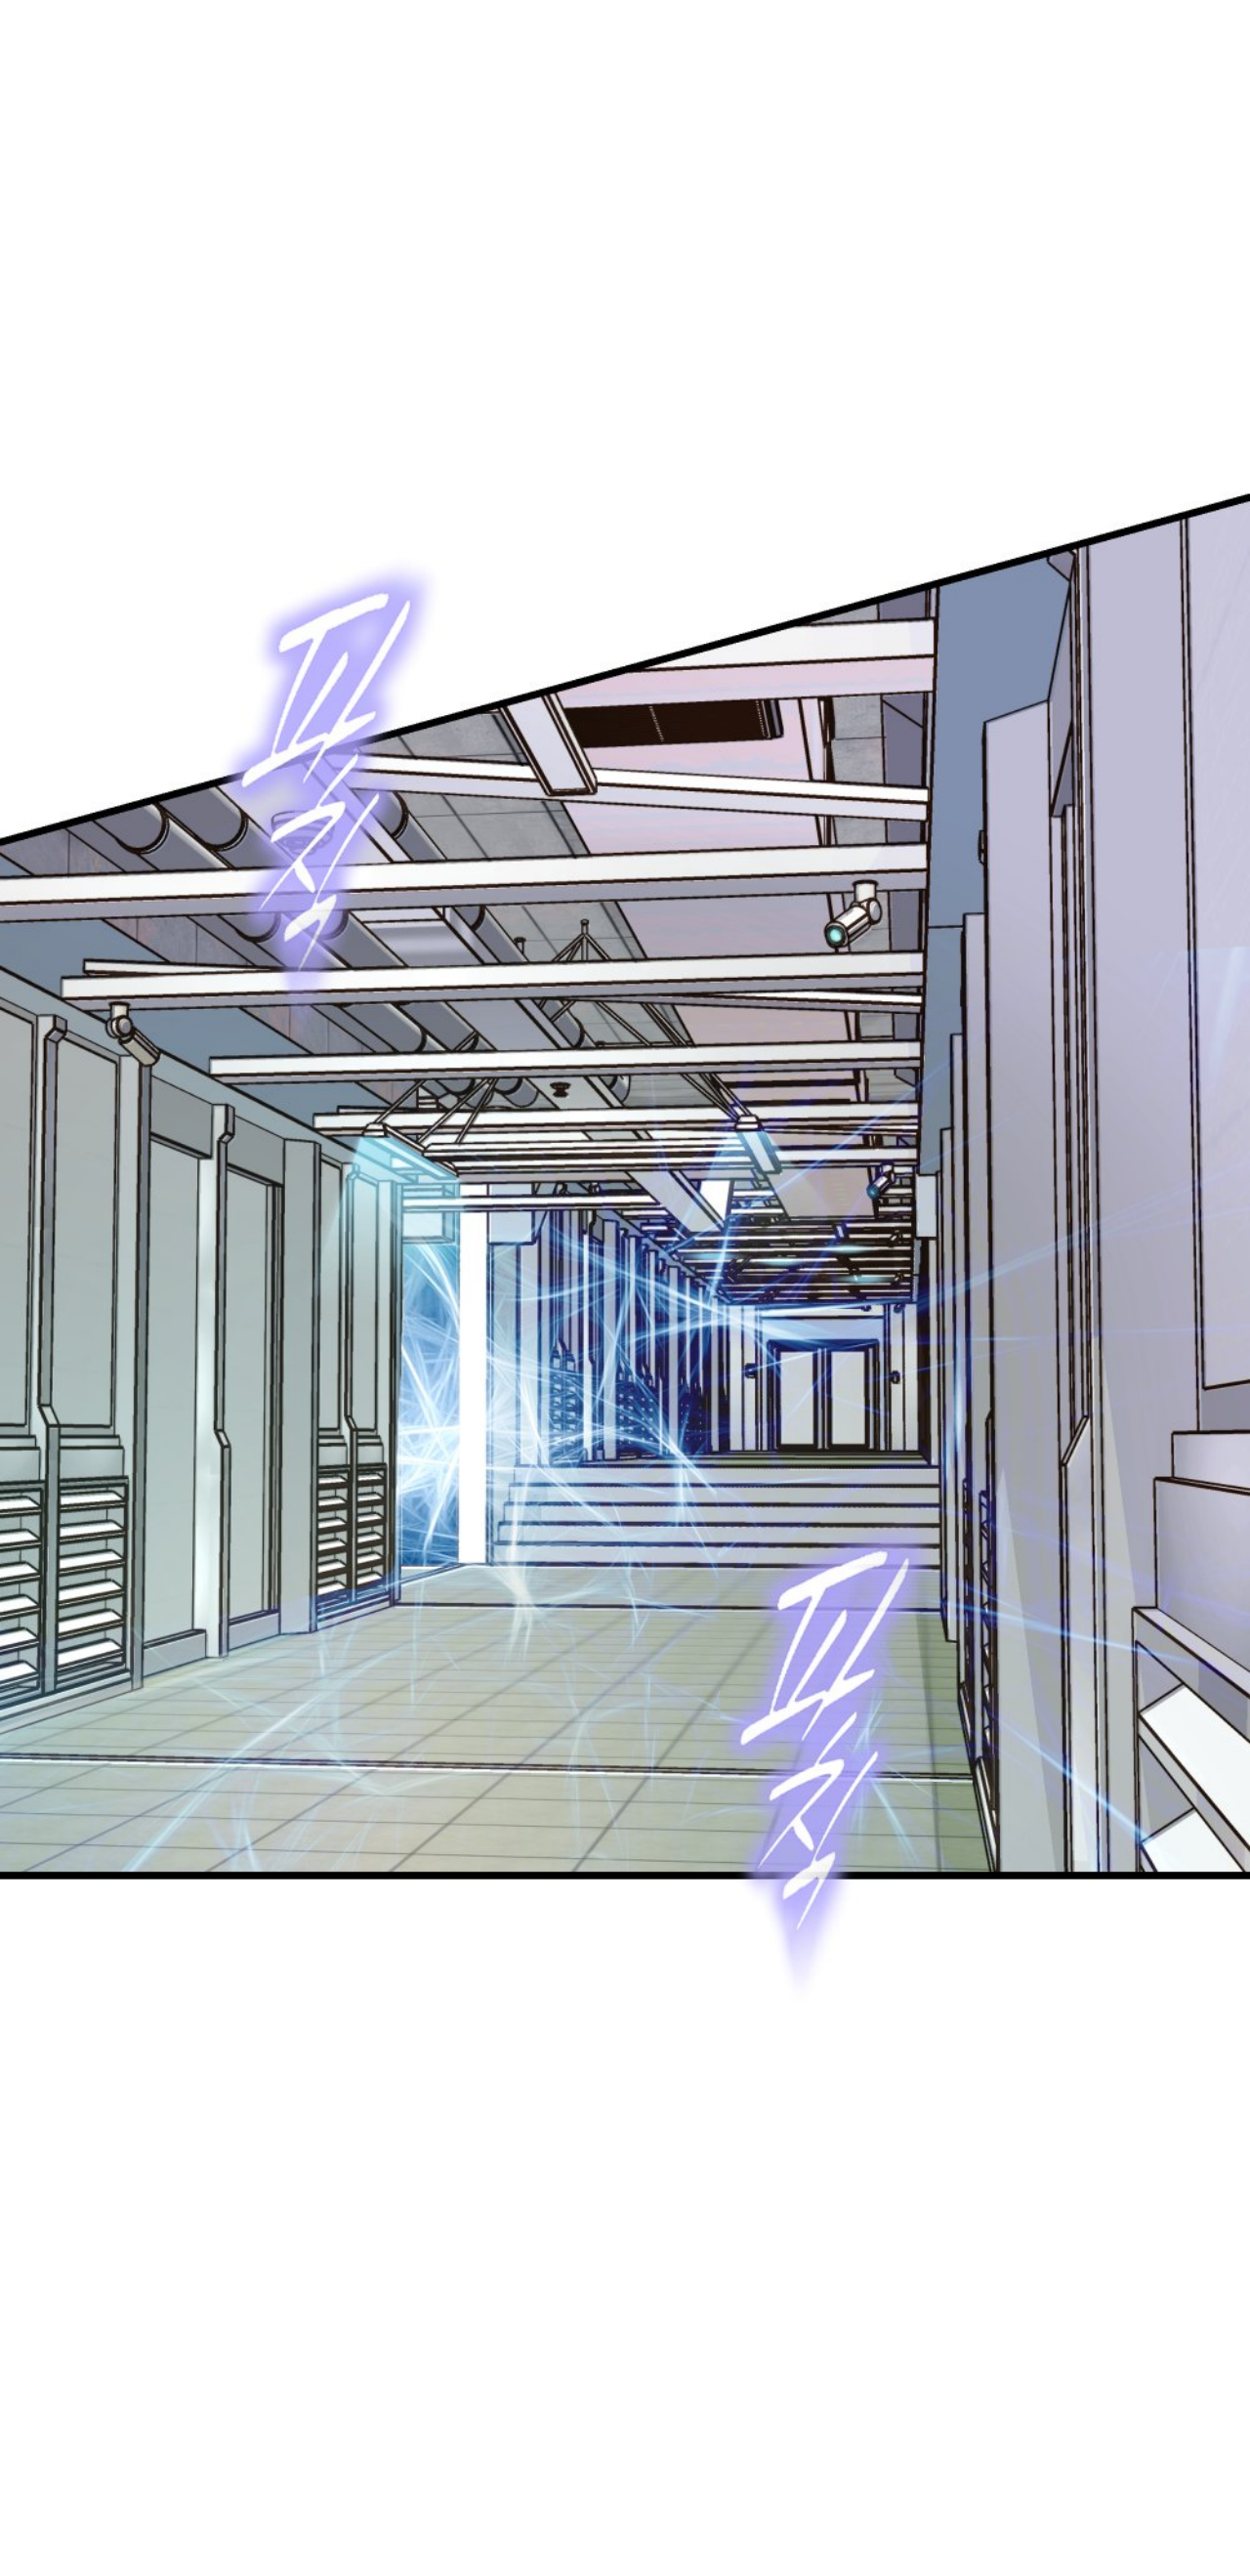

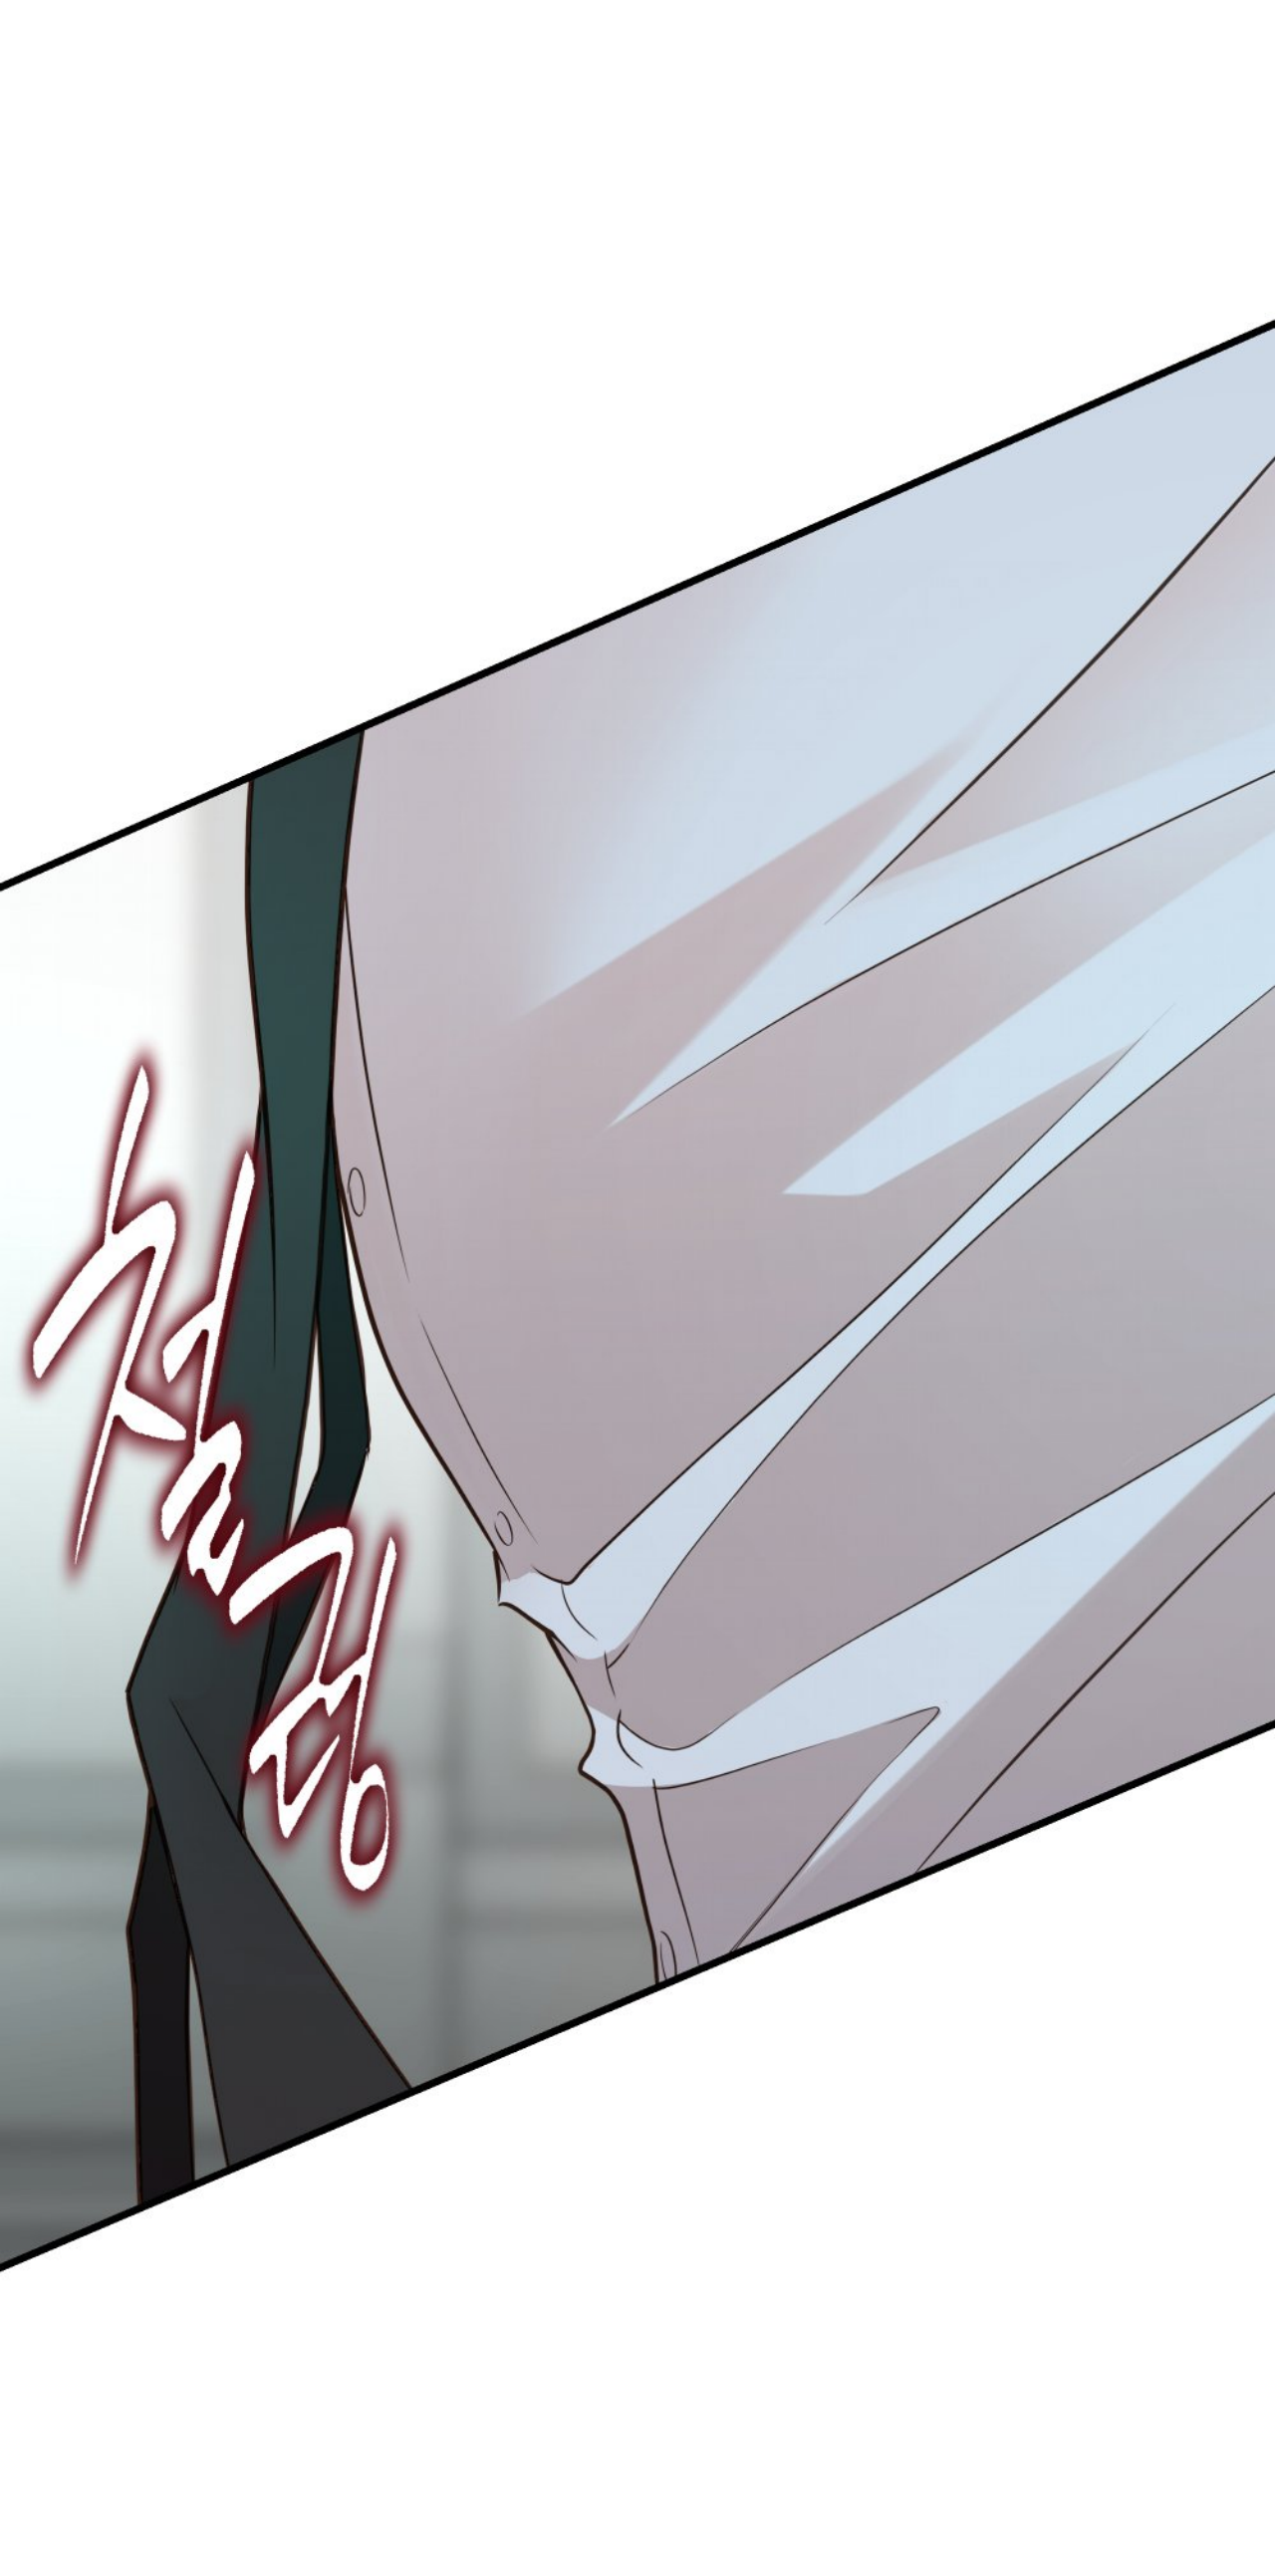

과거로
갈 수 있...!

내 딸을
구할 수 있는
시간으로...!

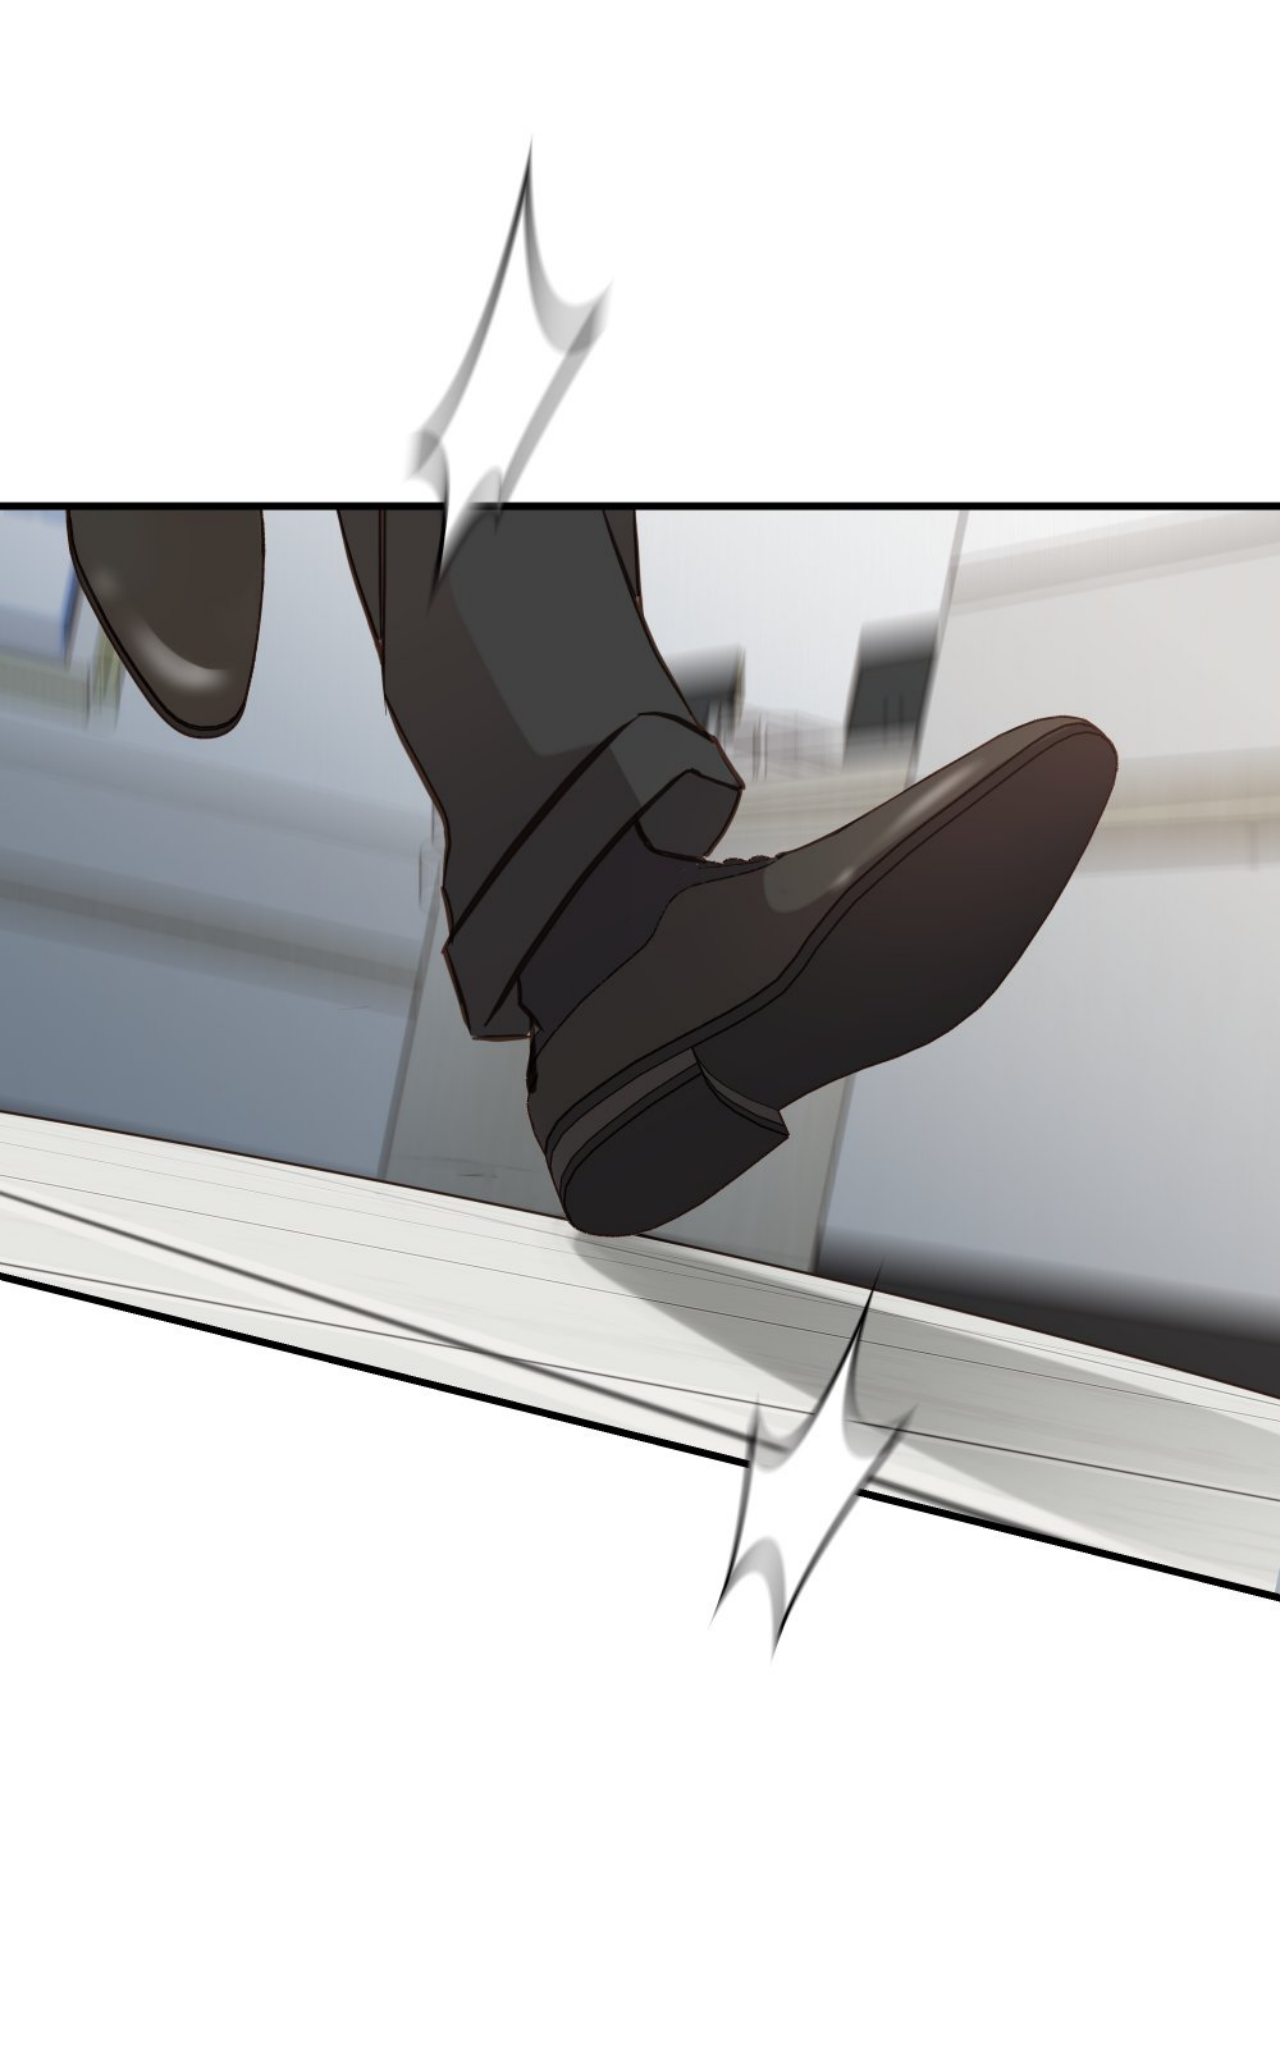

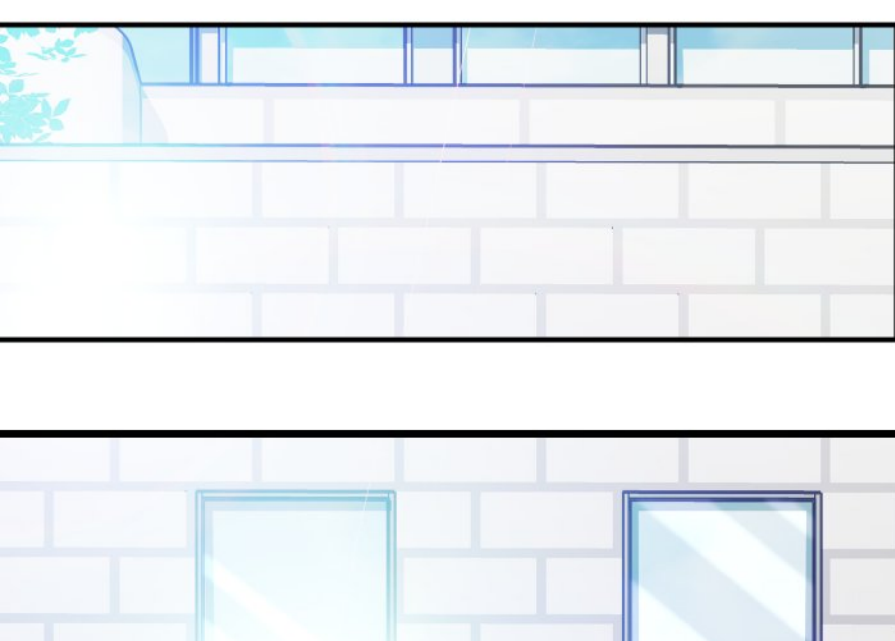

막아야해!!

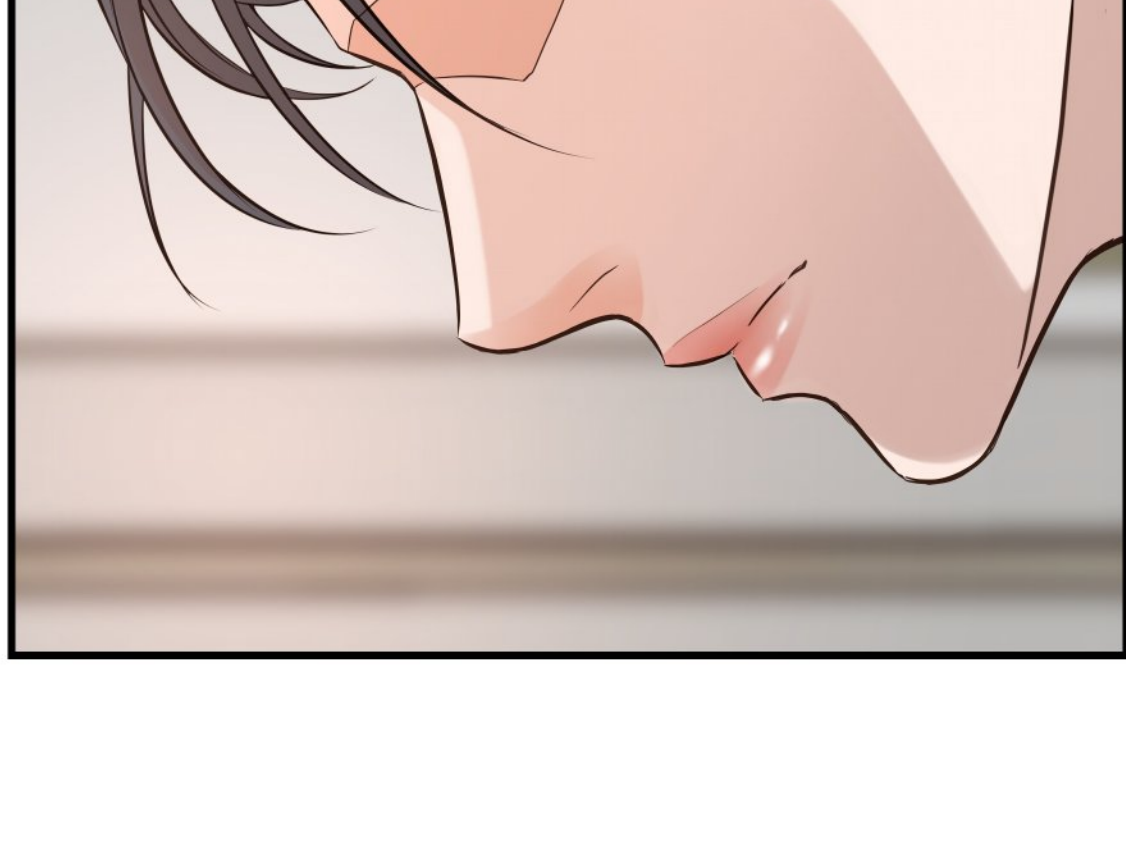

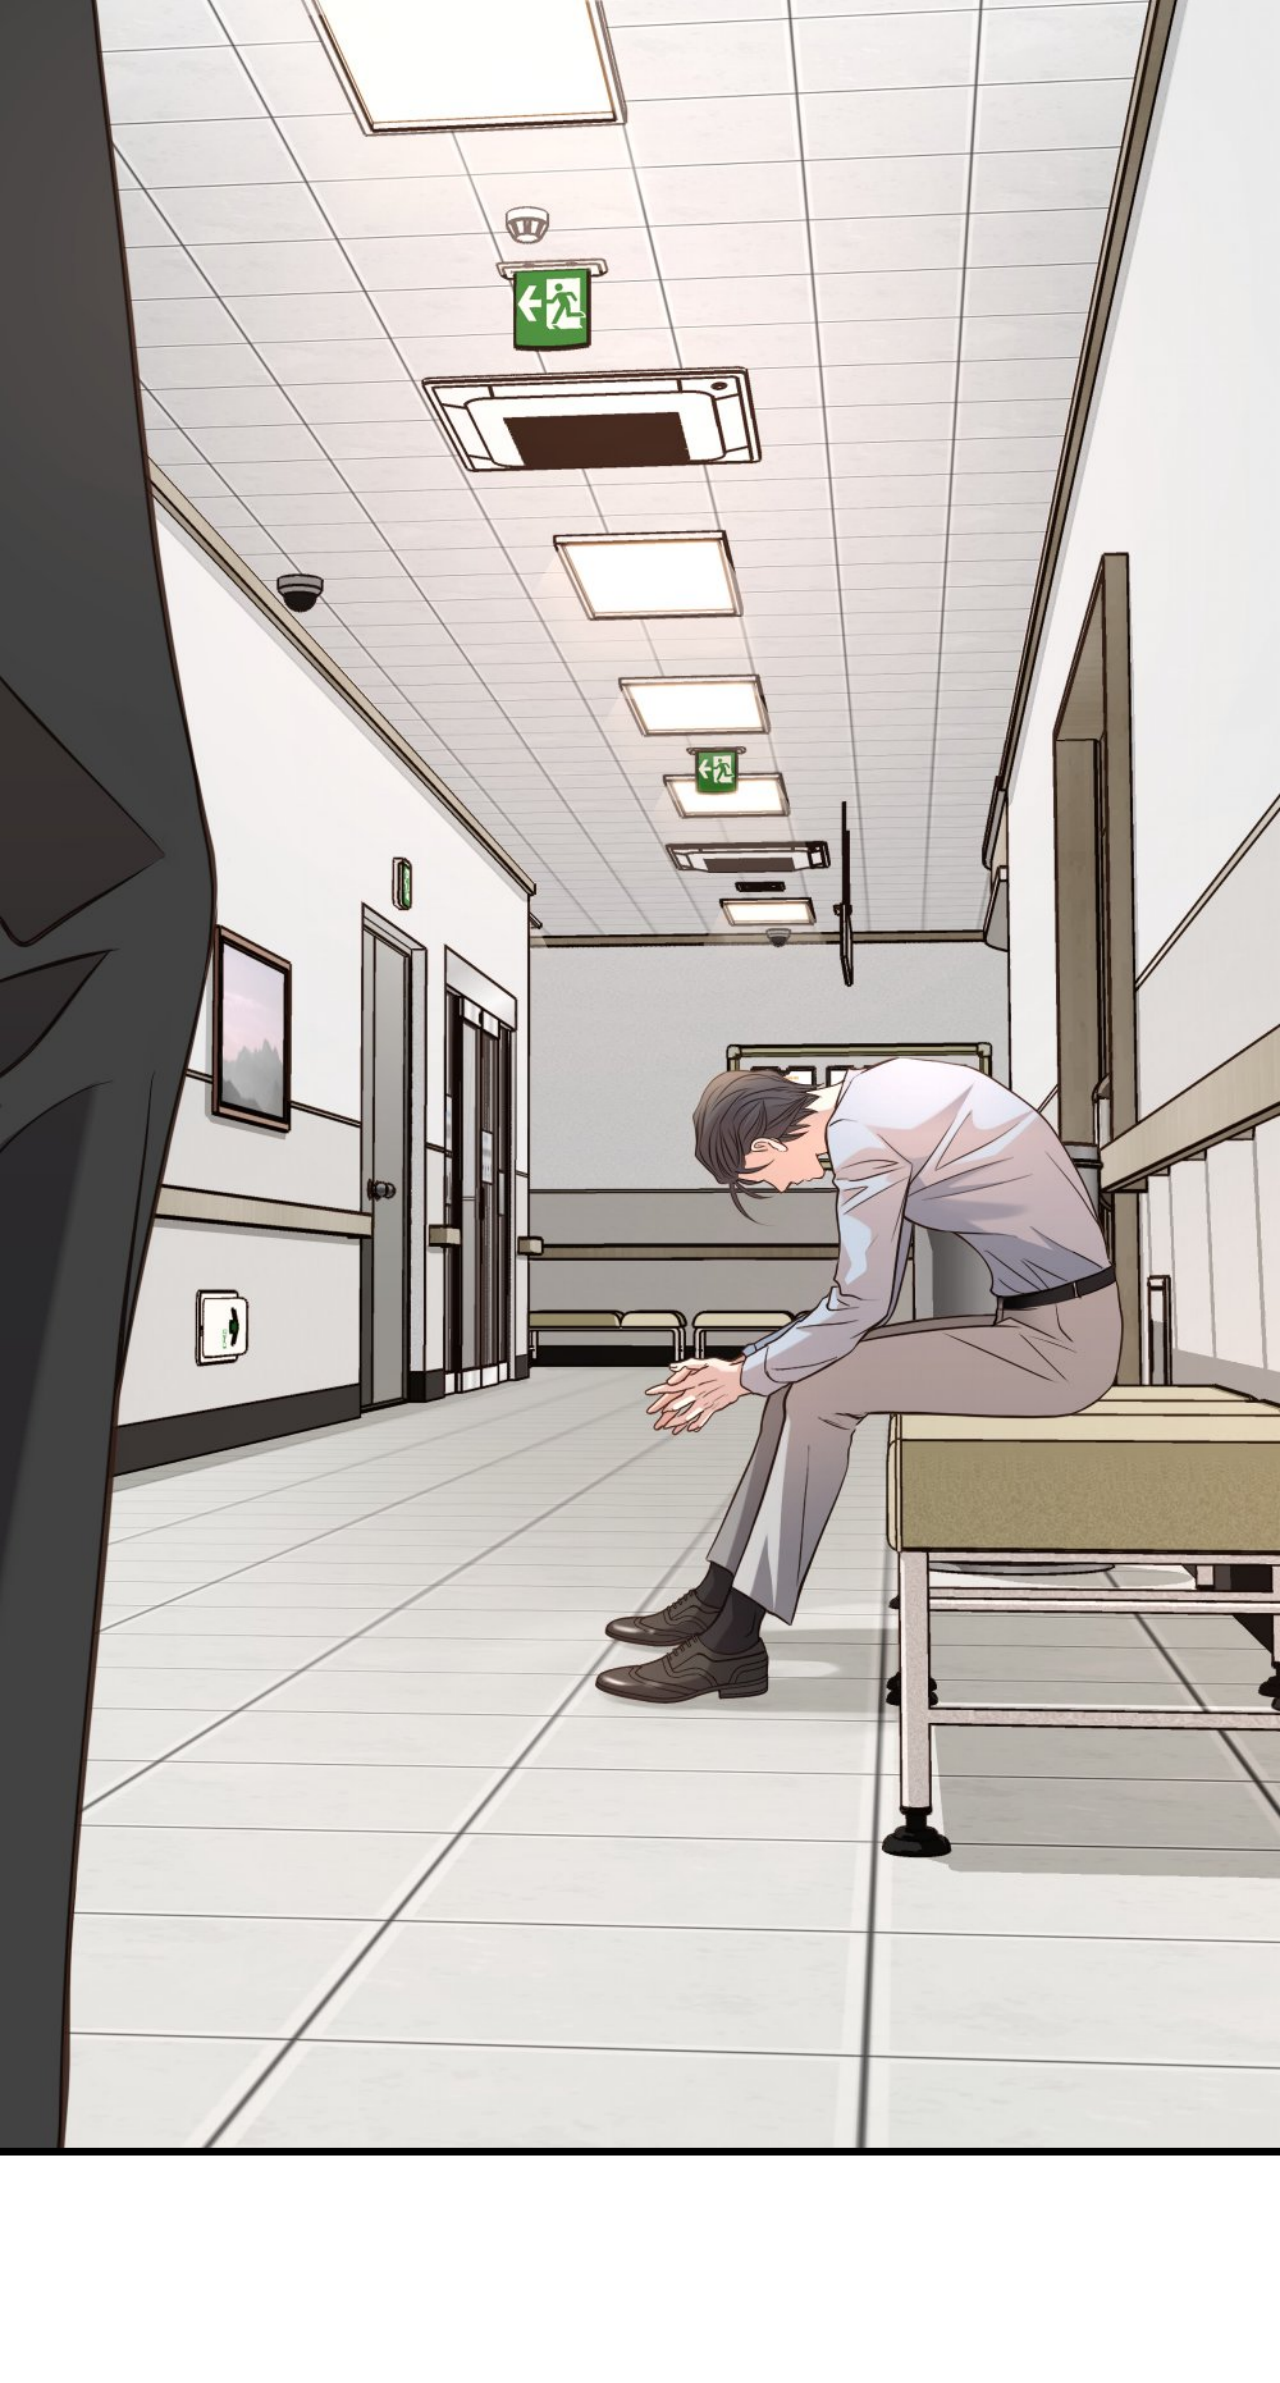

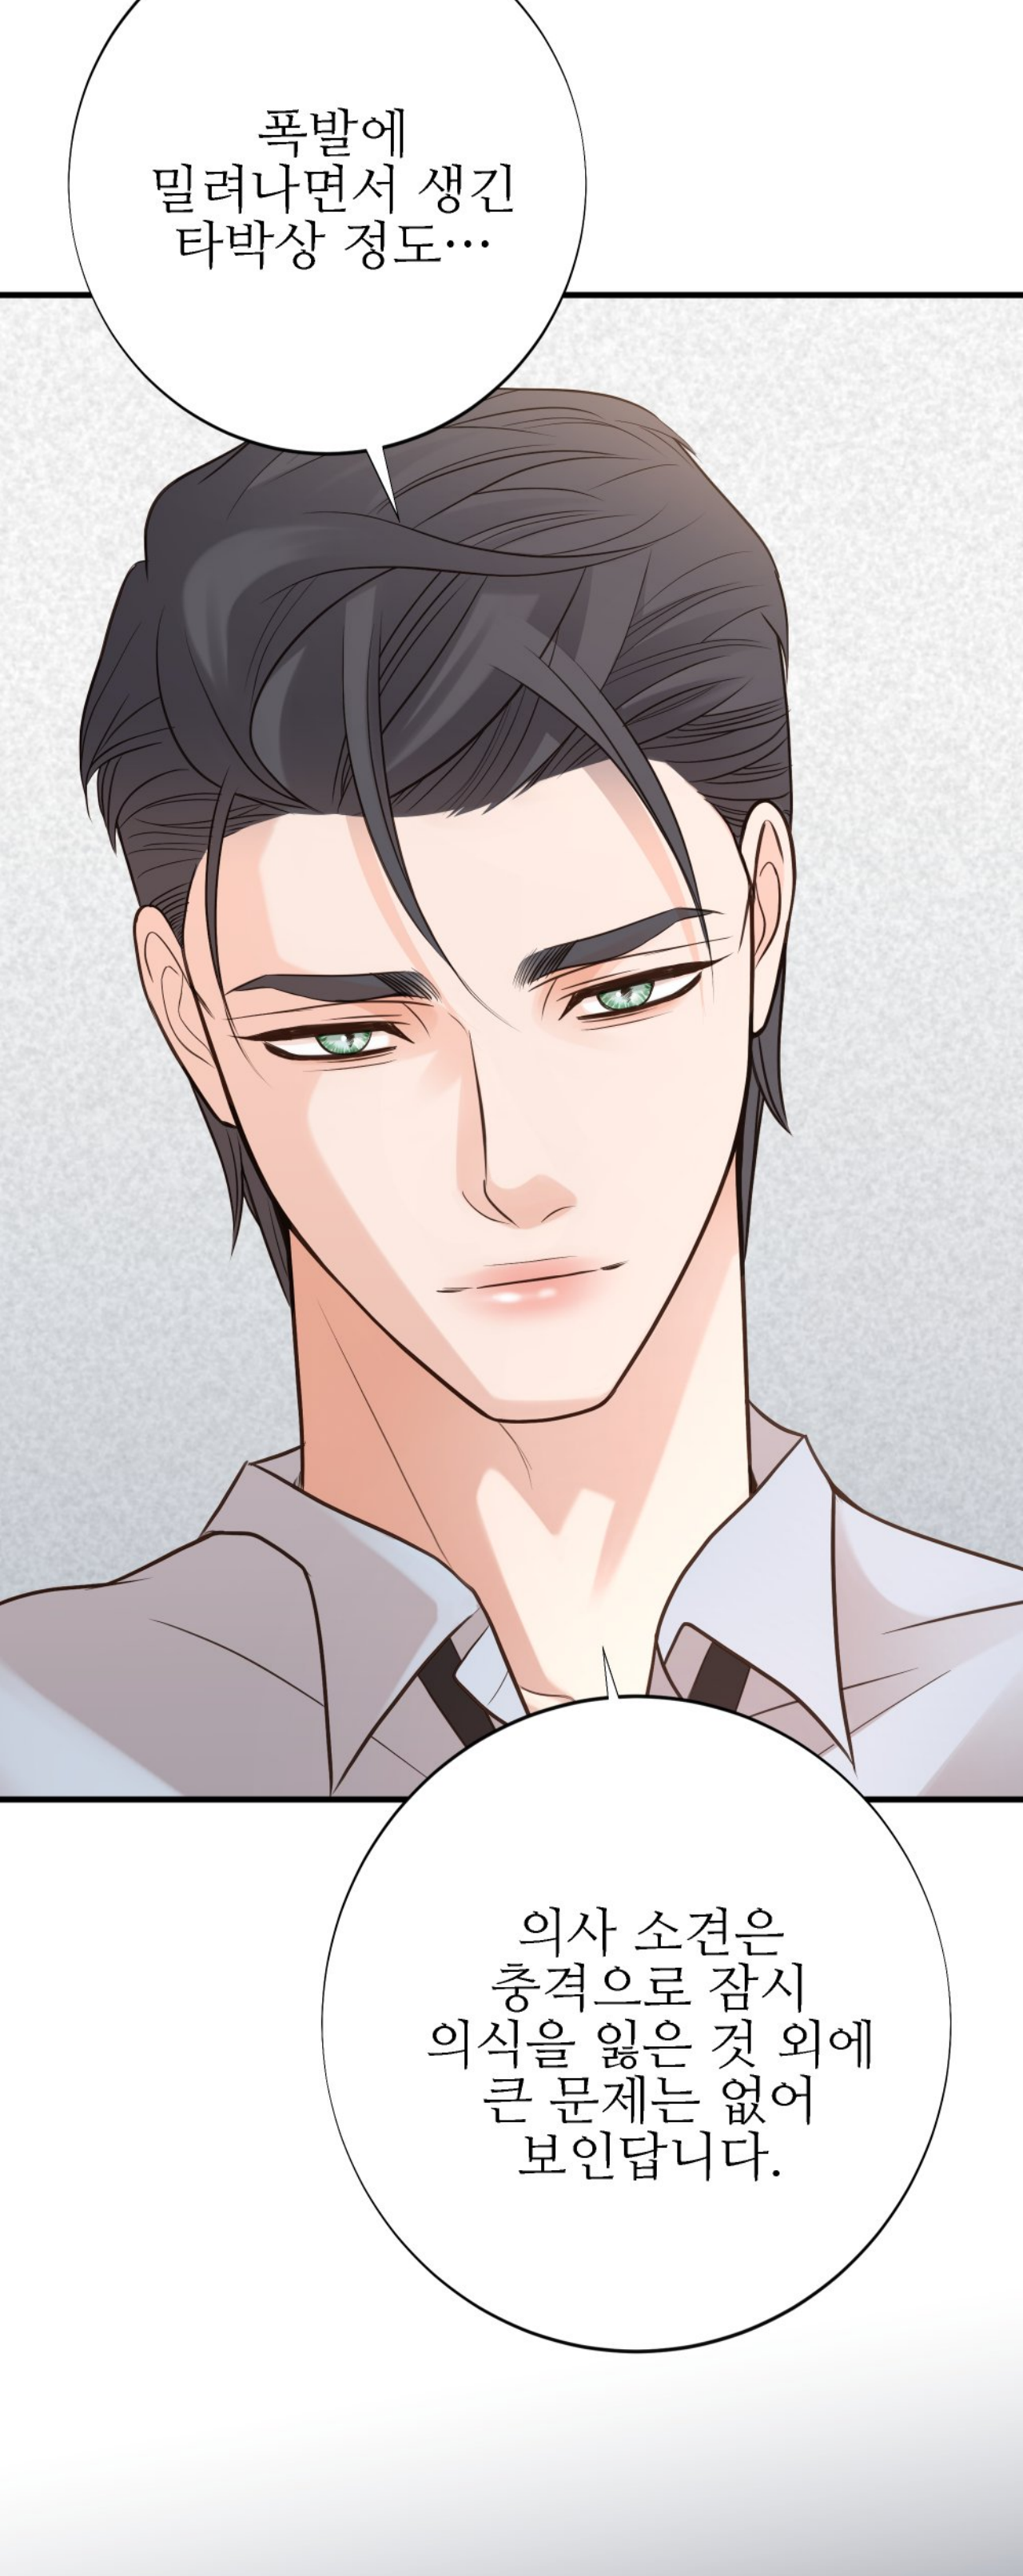

랩의
킬스위치를
...!

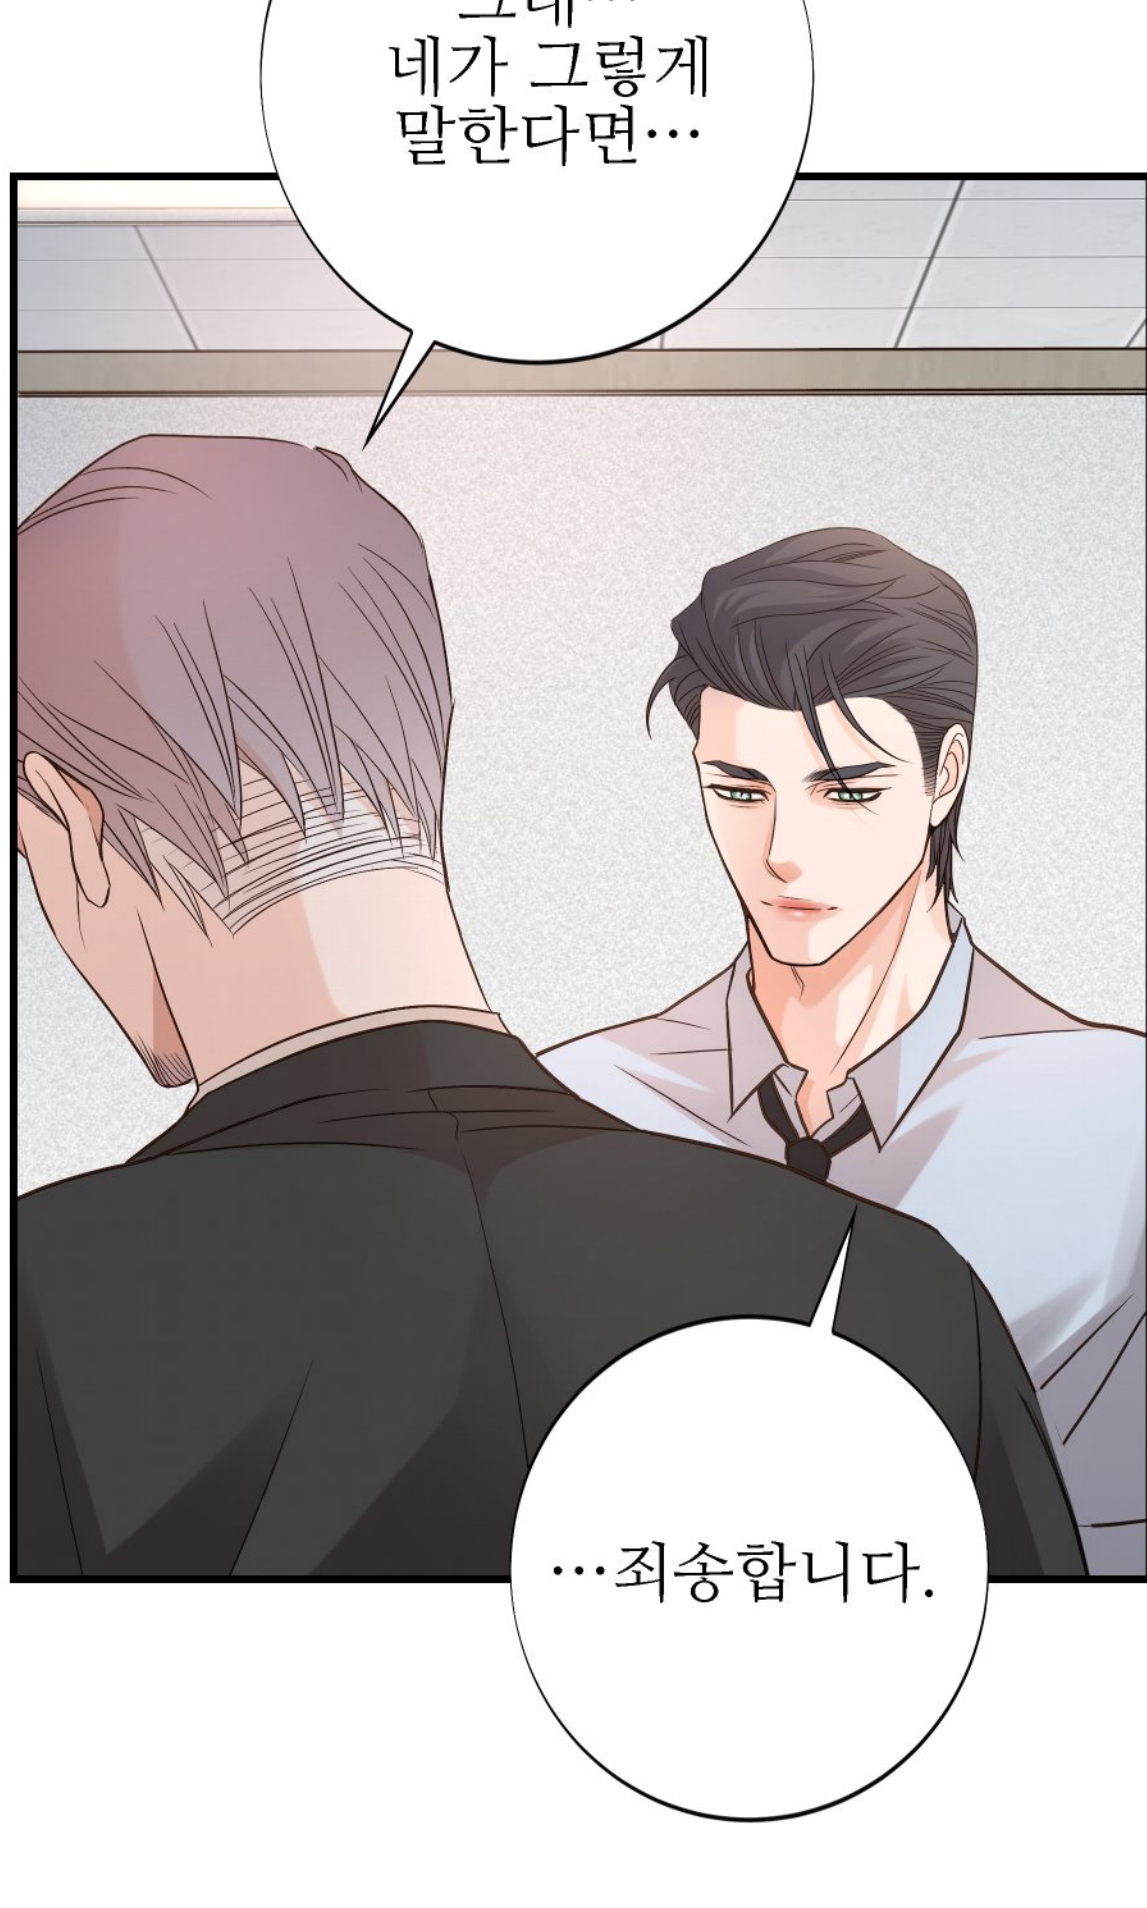

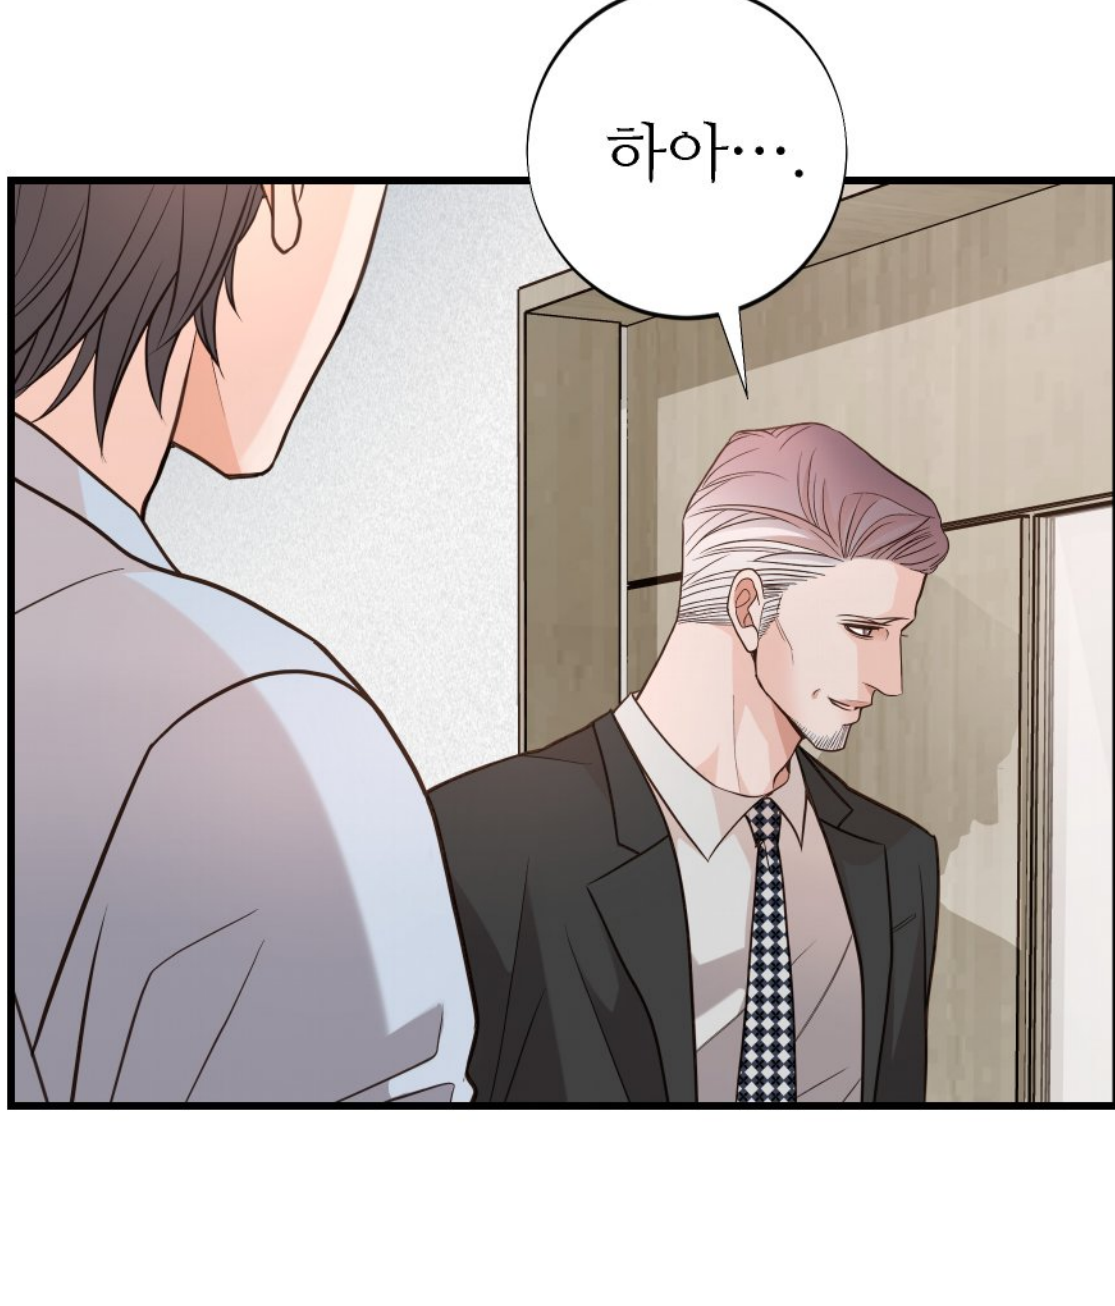

네이!!!

제가...

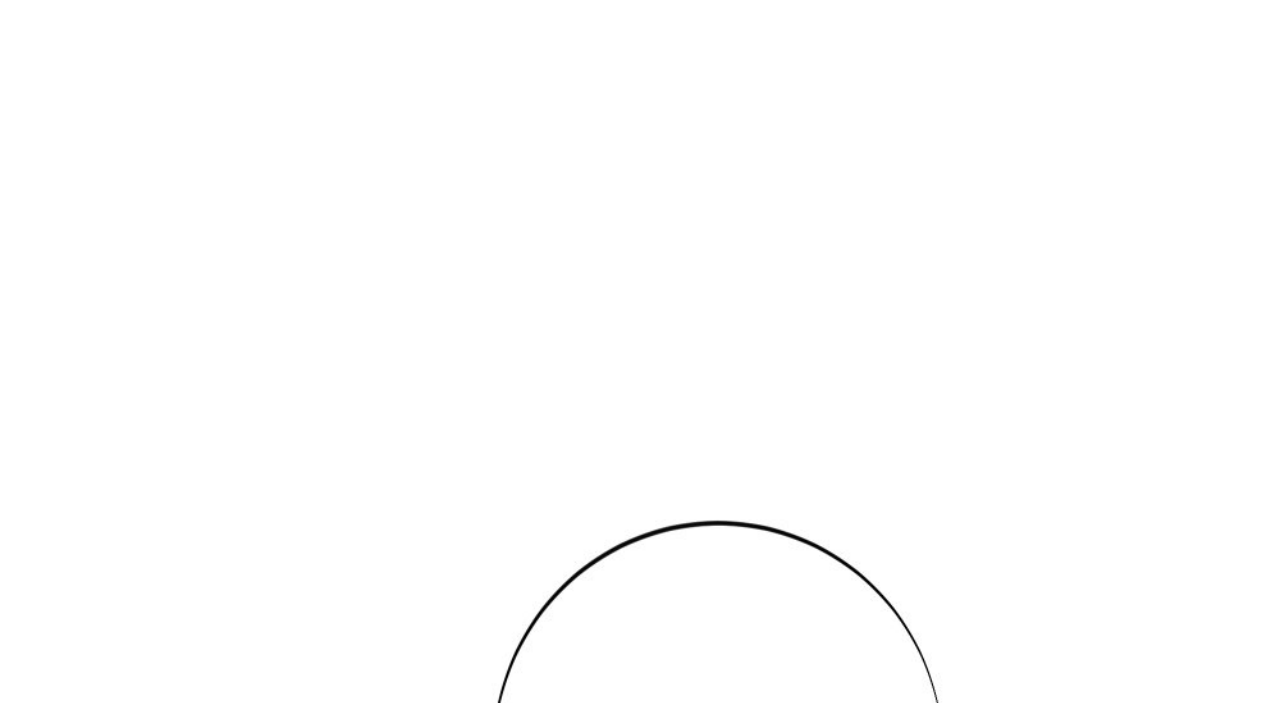

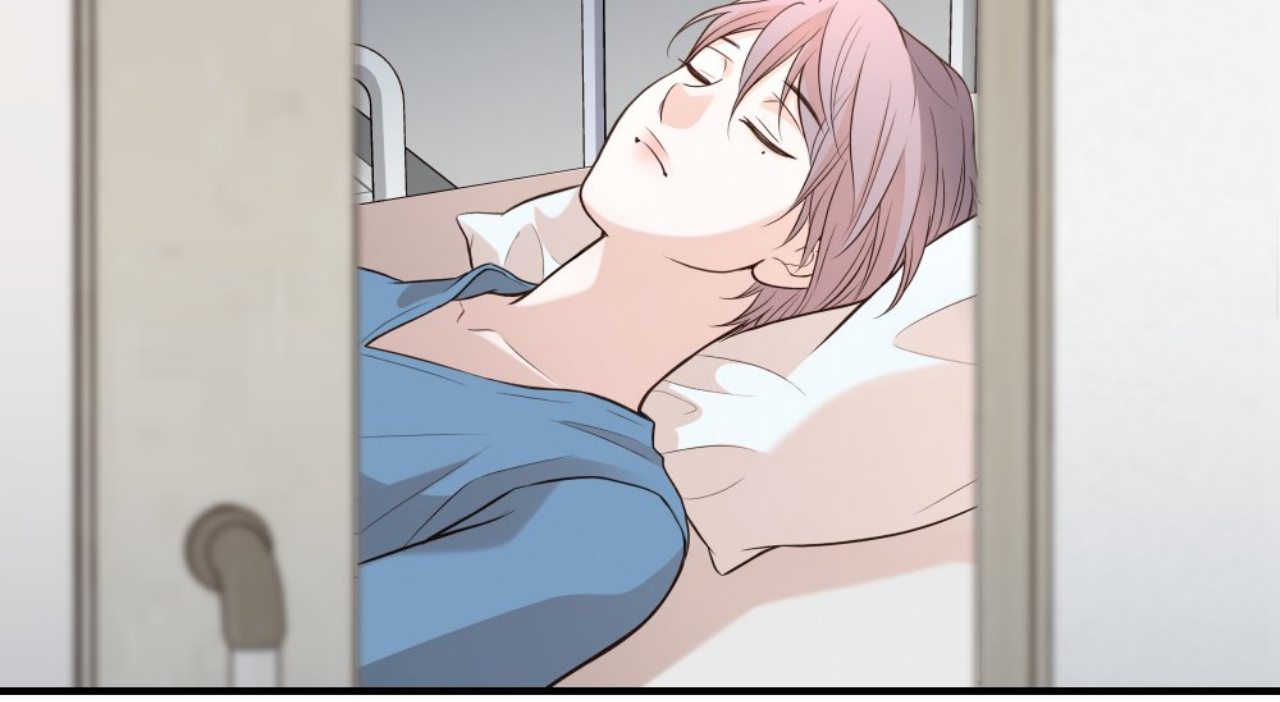

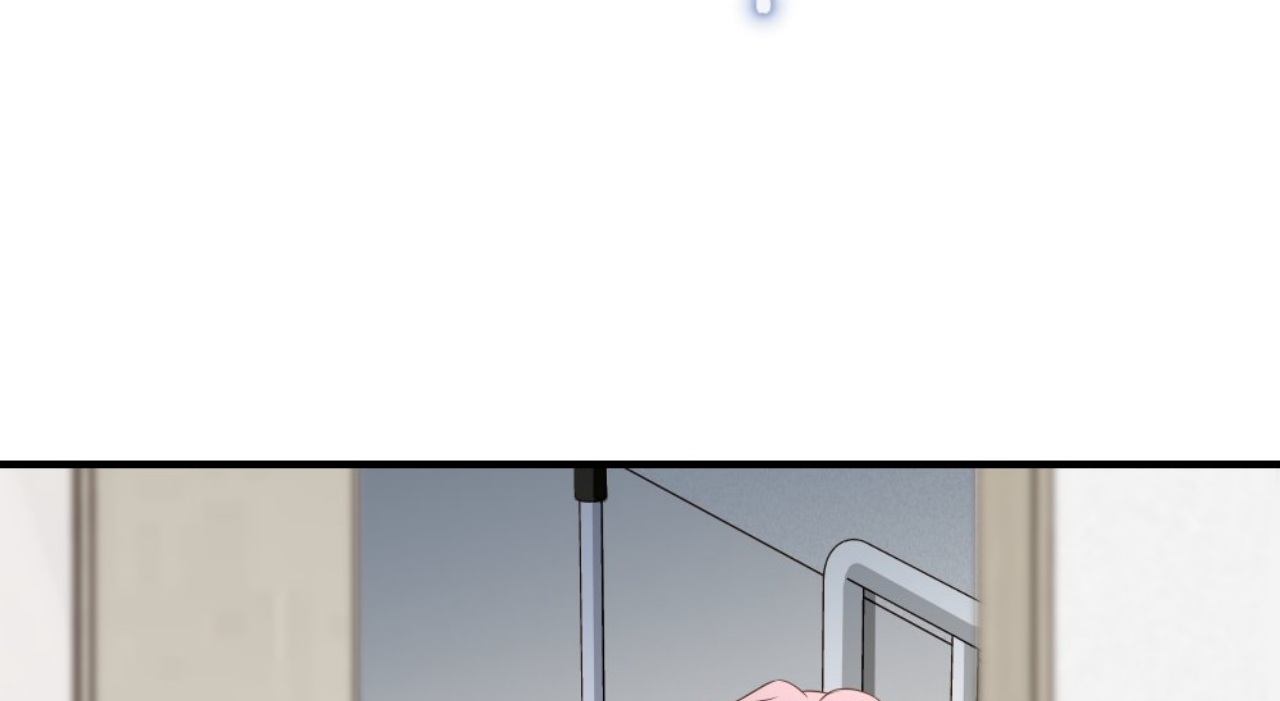

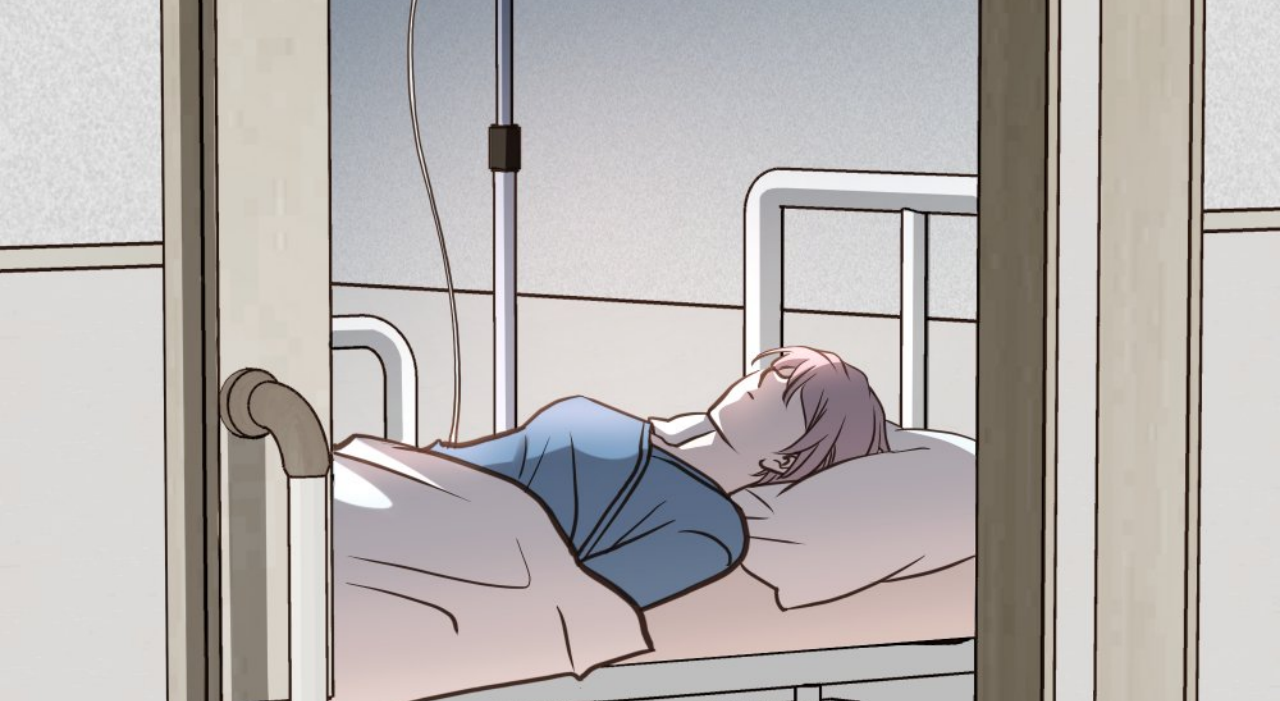

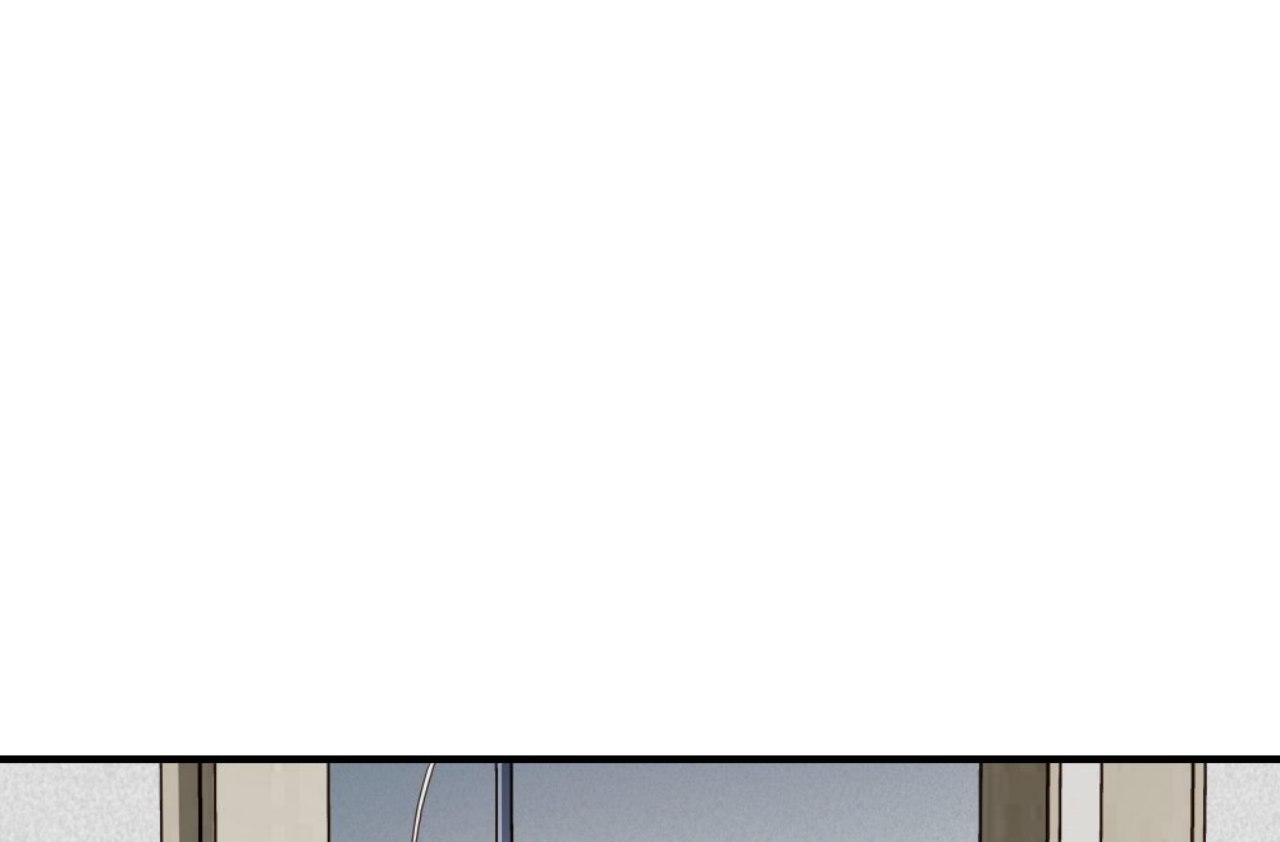

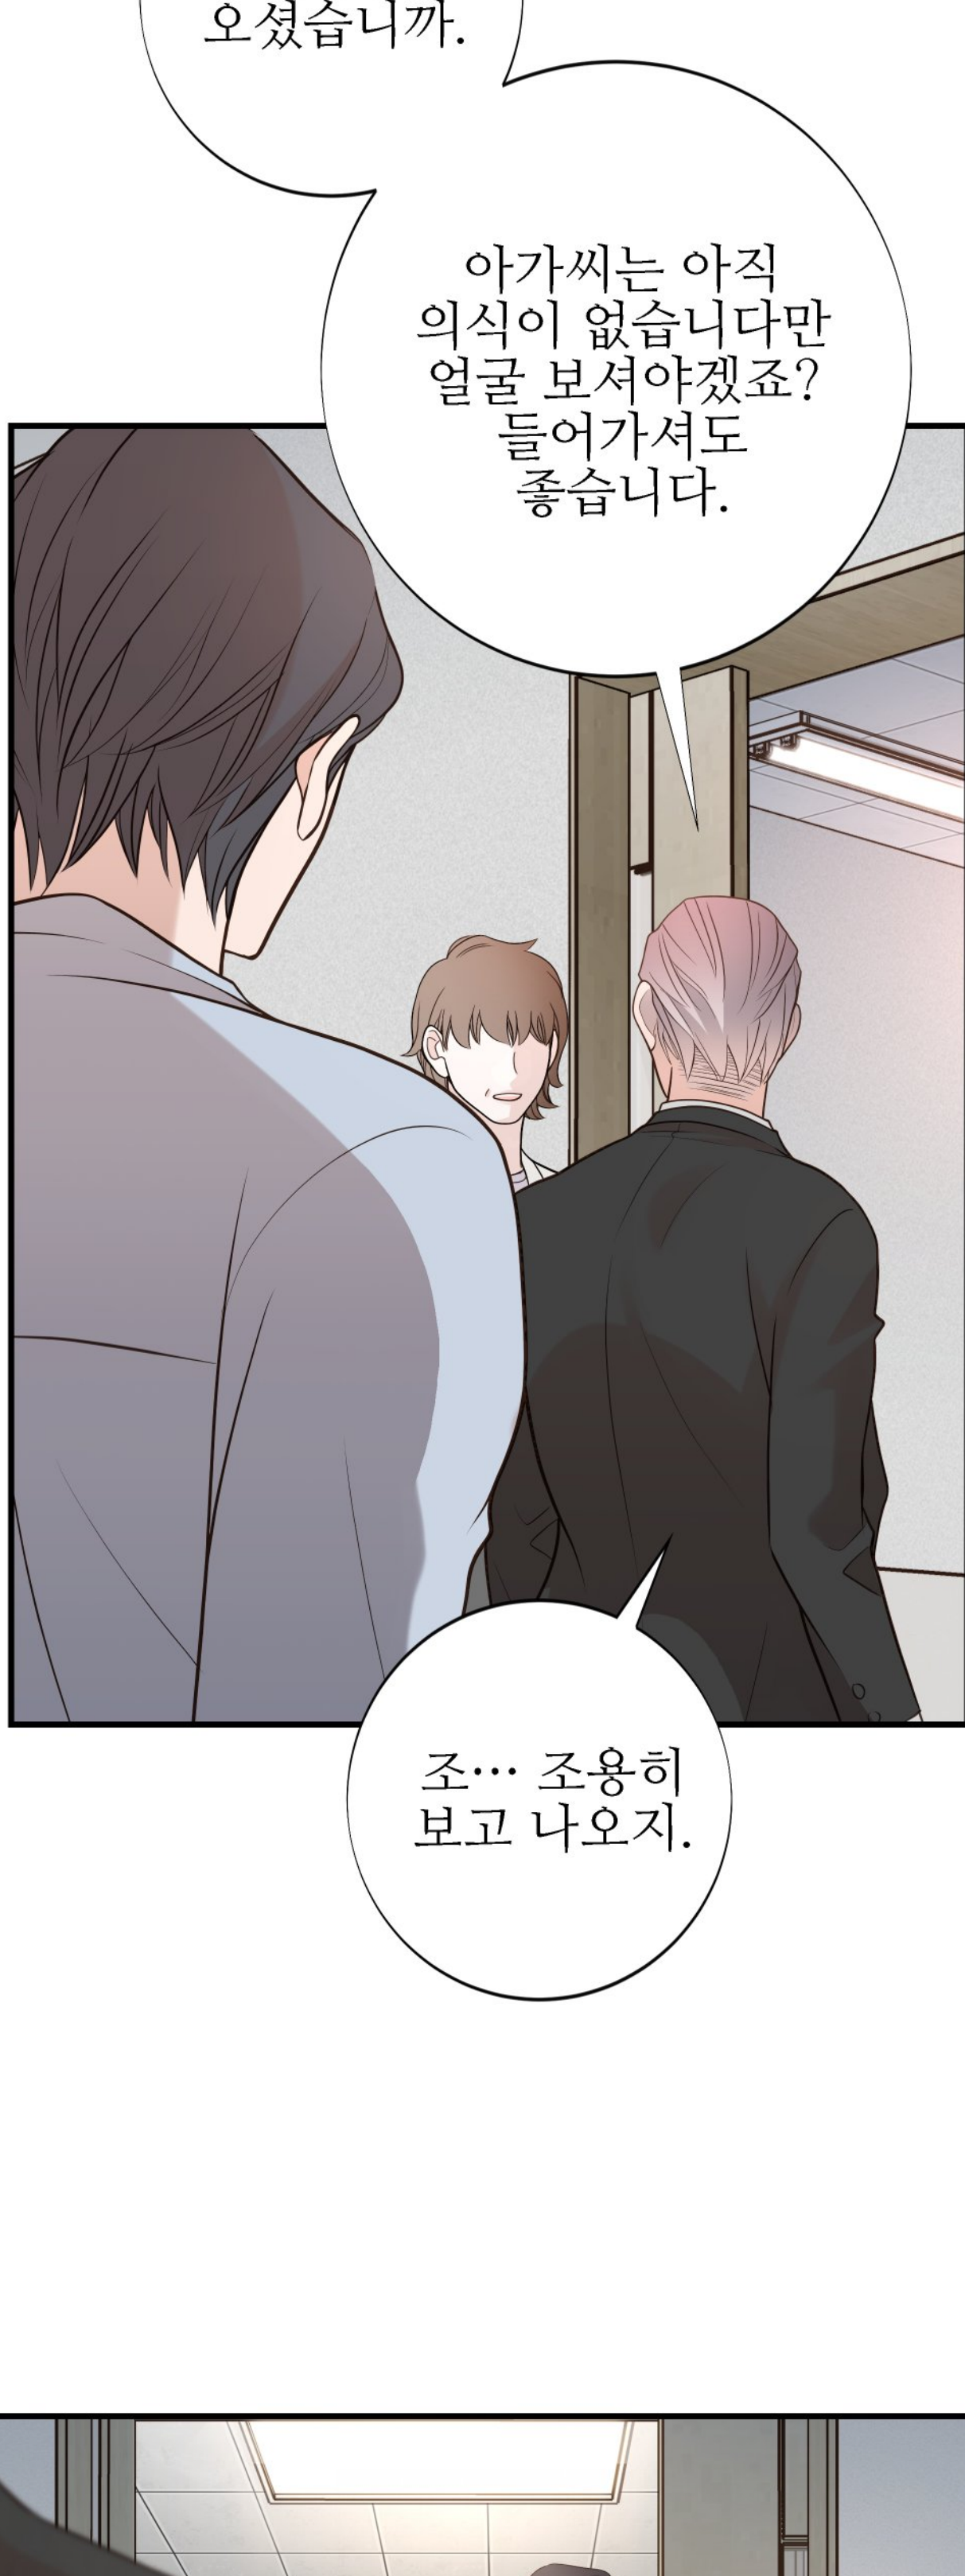

...다...

제발...!

잘못한 겁니다

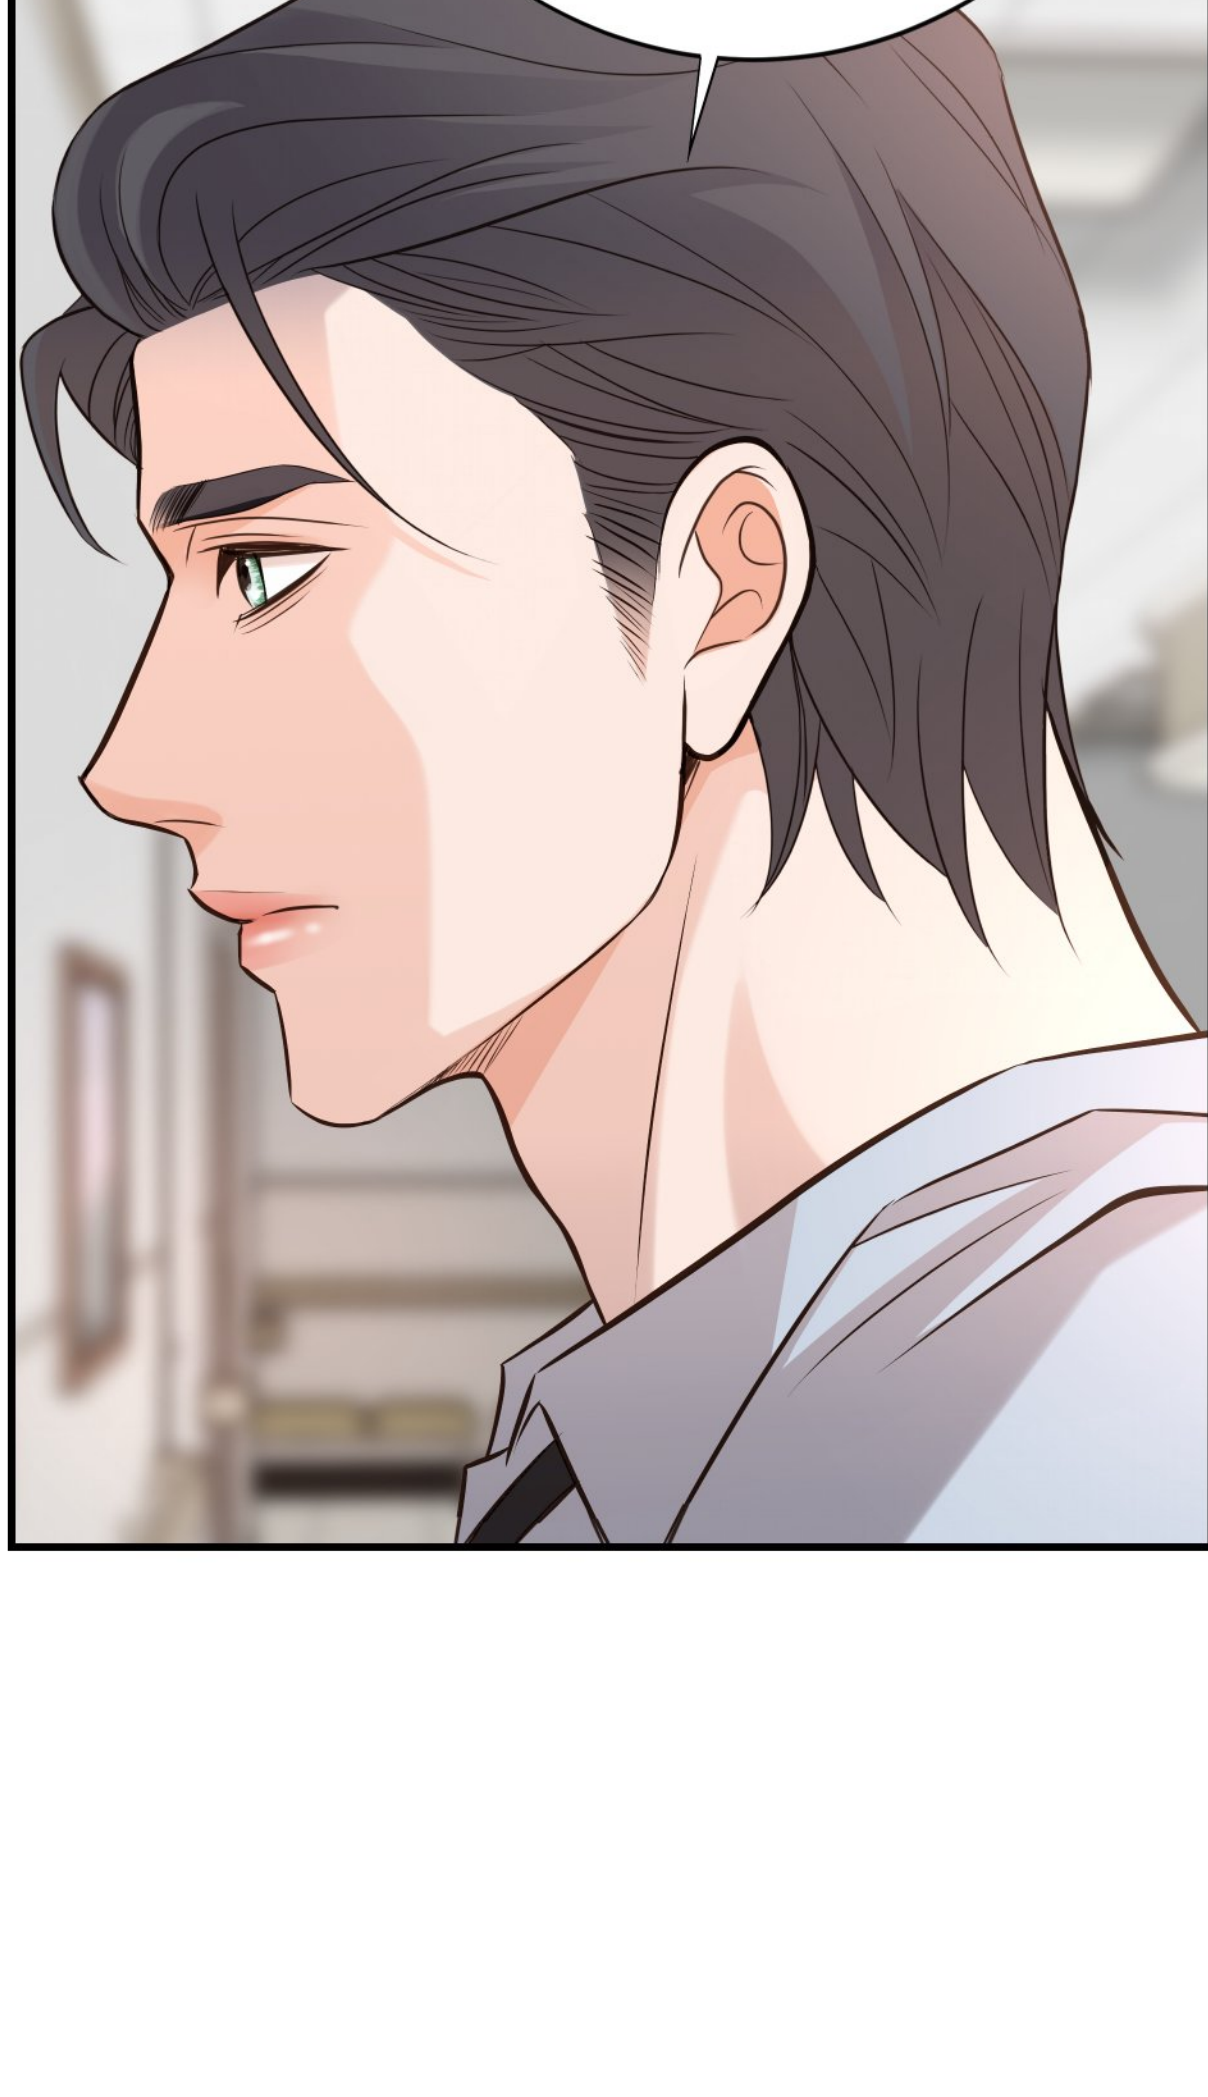

사람이 좀 놀라면...

심장에 통증을 느낄 수도 있습니까...?

네?

그러니까
누가 가슴팍에
손을 짚어 넣고
심장을 잡아
비트는 것 같은...
그런 통증입니다만.

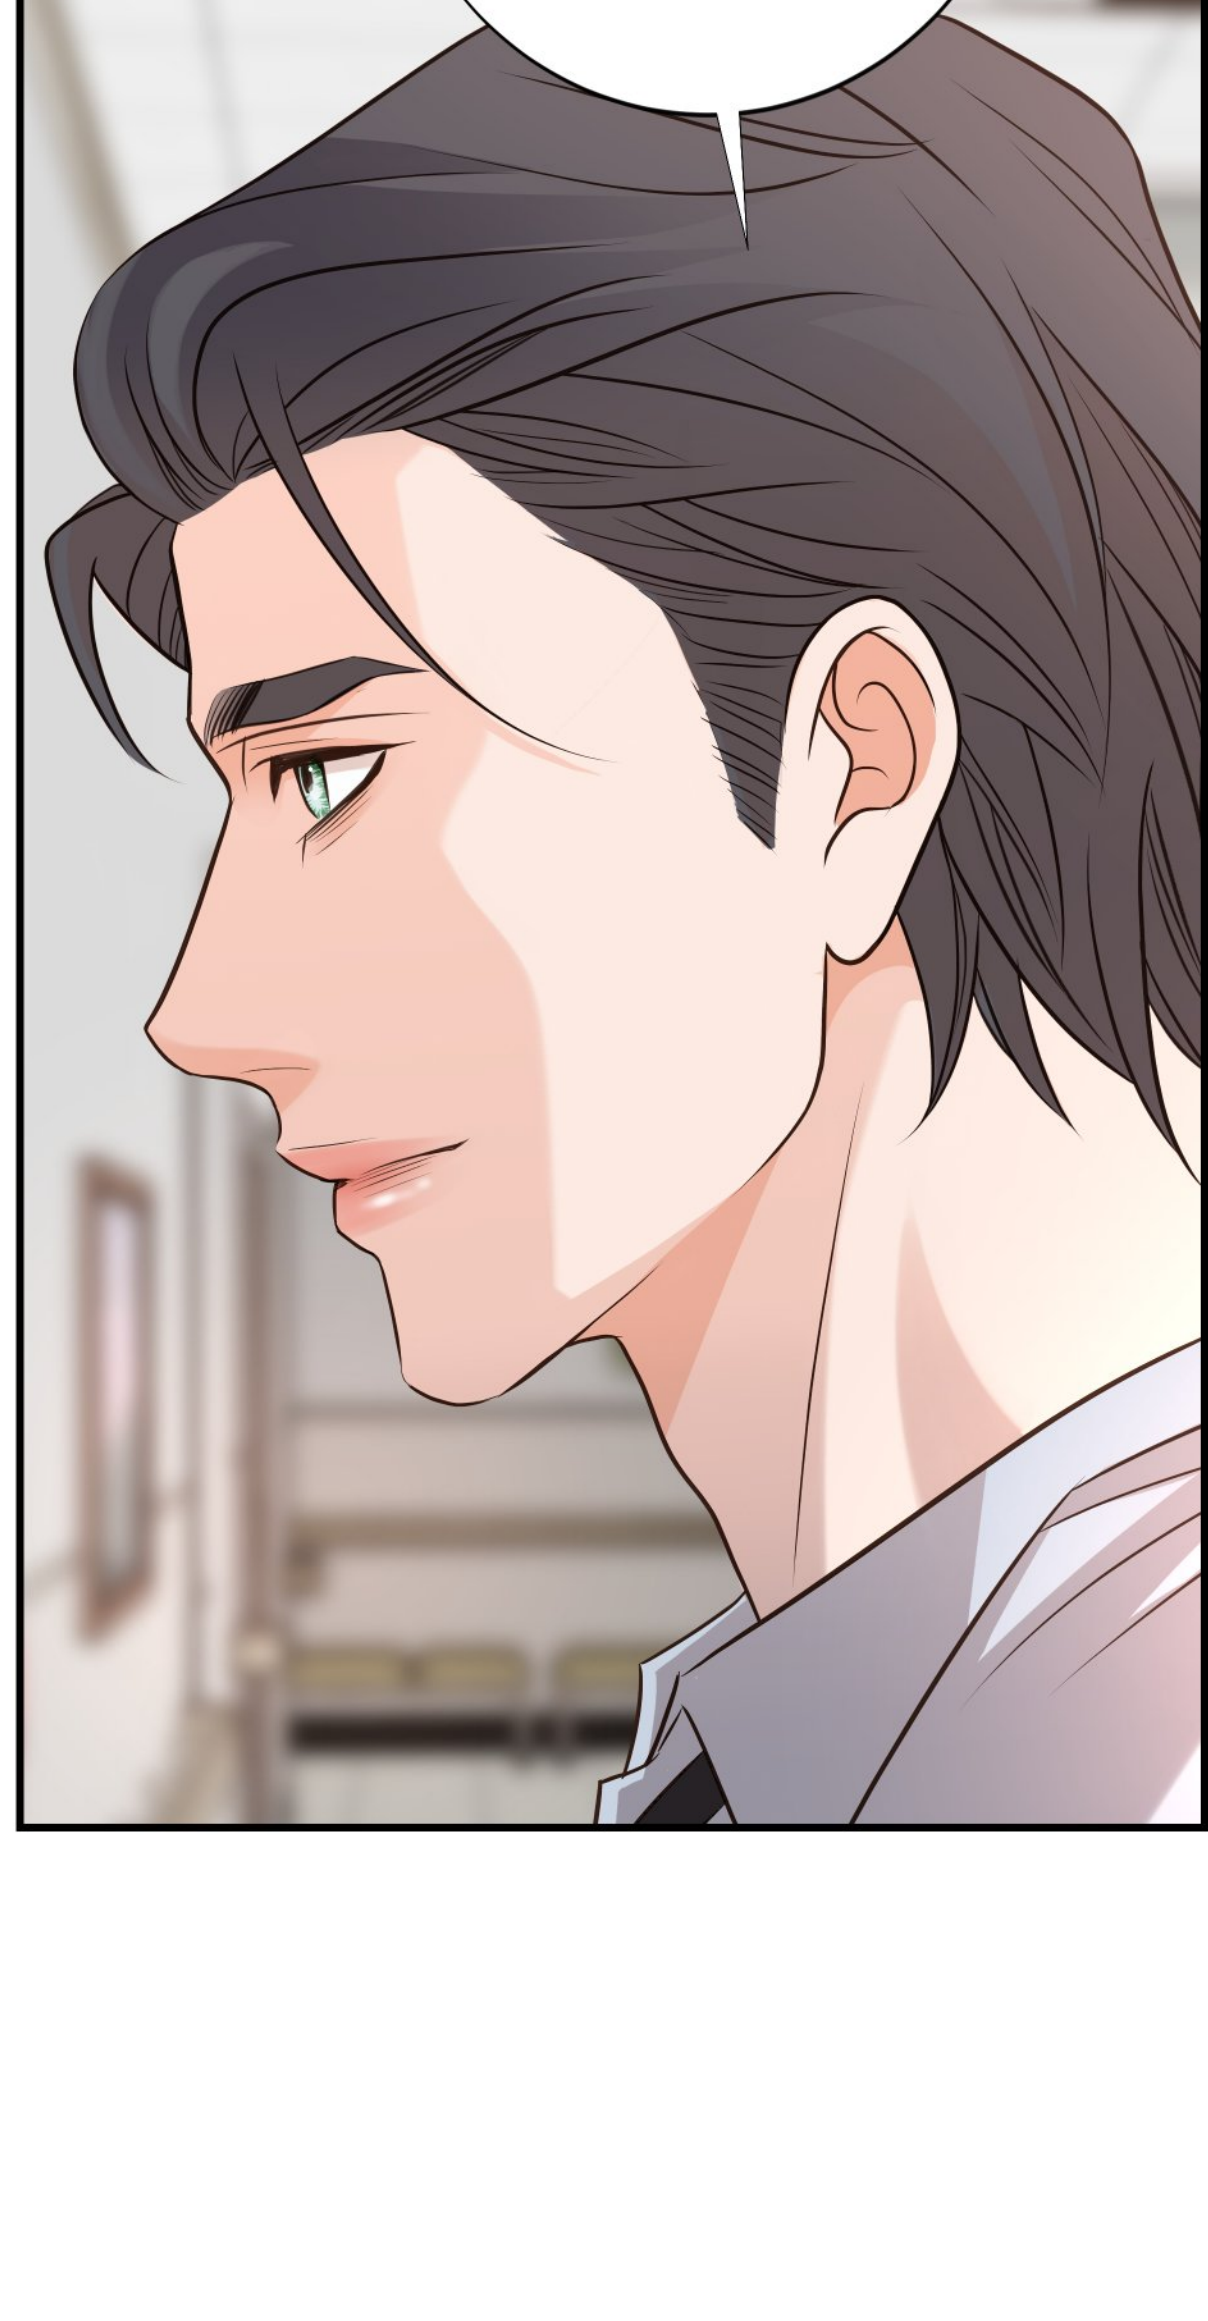

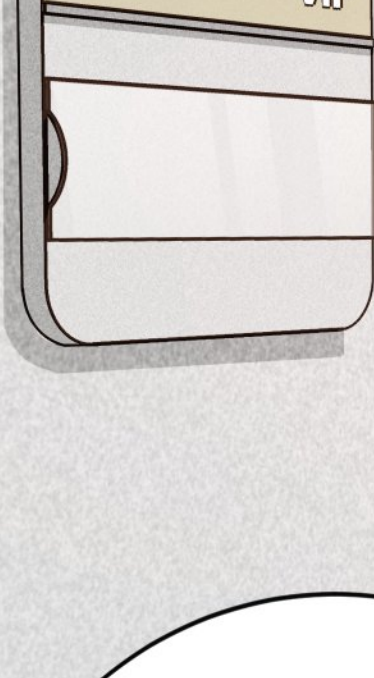

심리적 충격이
크면 그럴 수 있지요.
약을 좀 처방해
드릴까요?

부탁드립니다.

이건 좀
힘들군요.

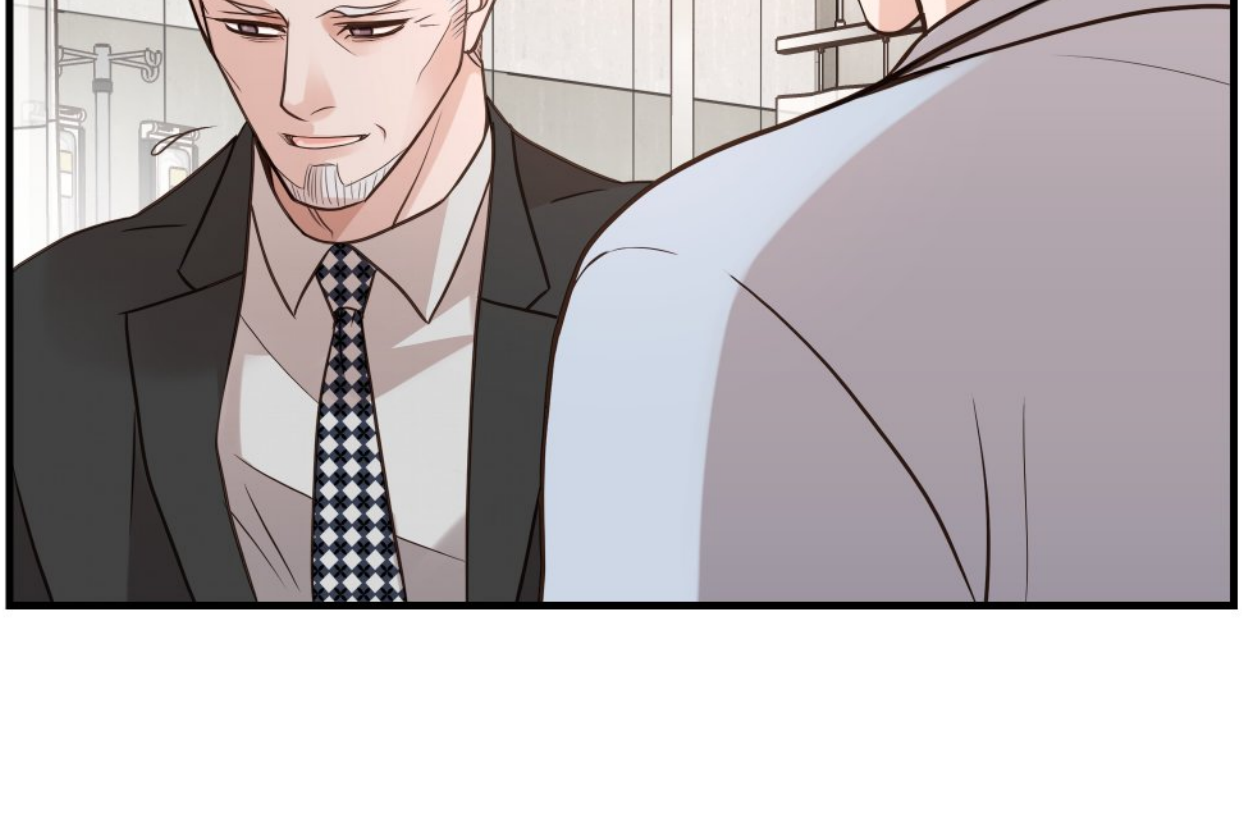

의사 얘기로는
의식불명이 아니라
깊이 잠든 상태에
가깝다곤 하는데...

그래도
깨어날 때까지는
병원에 있는 게
나을 것 같아서
VIP병실로 옮겼다.

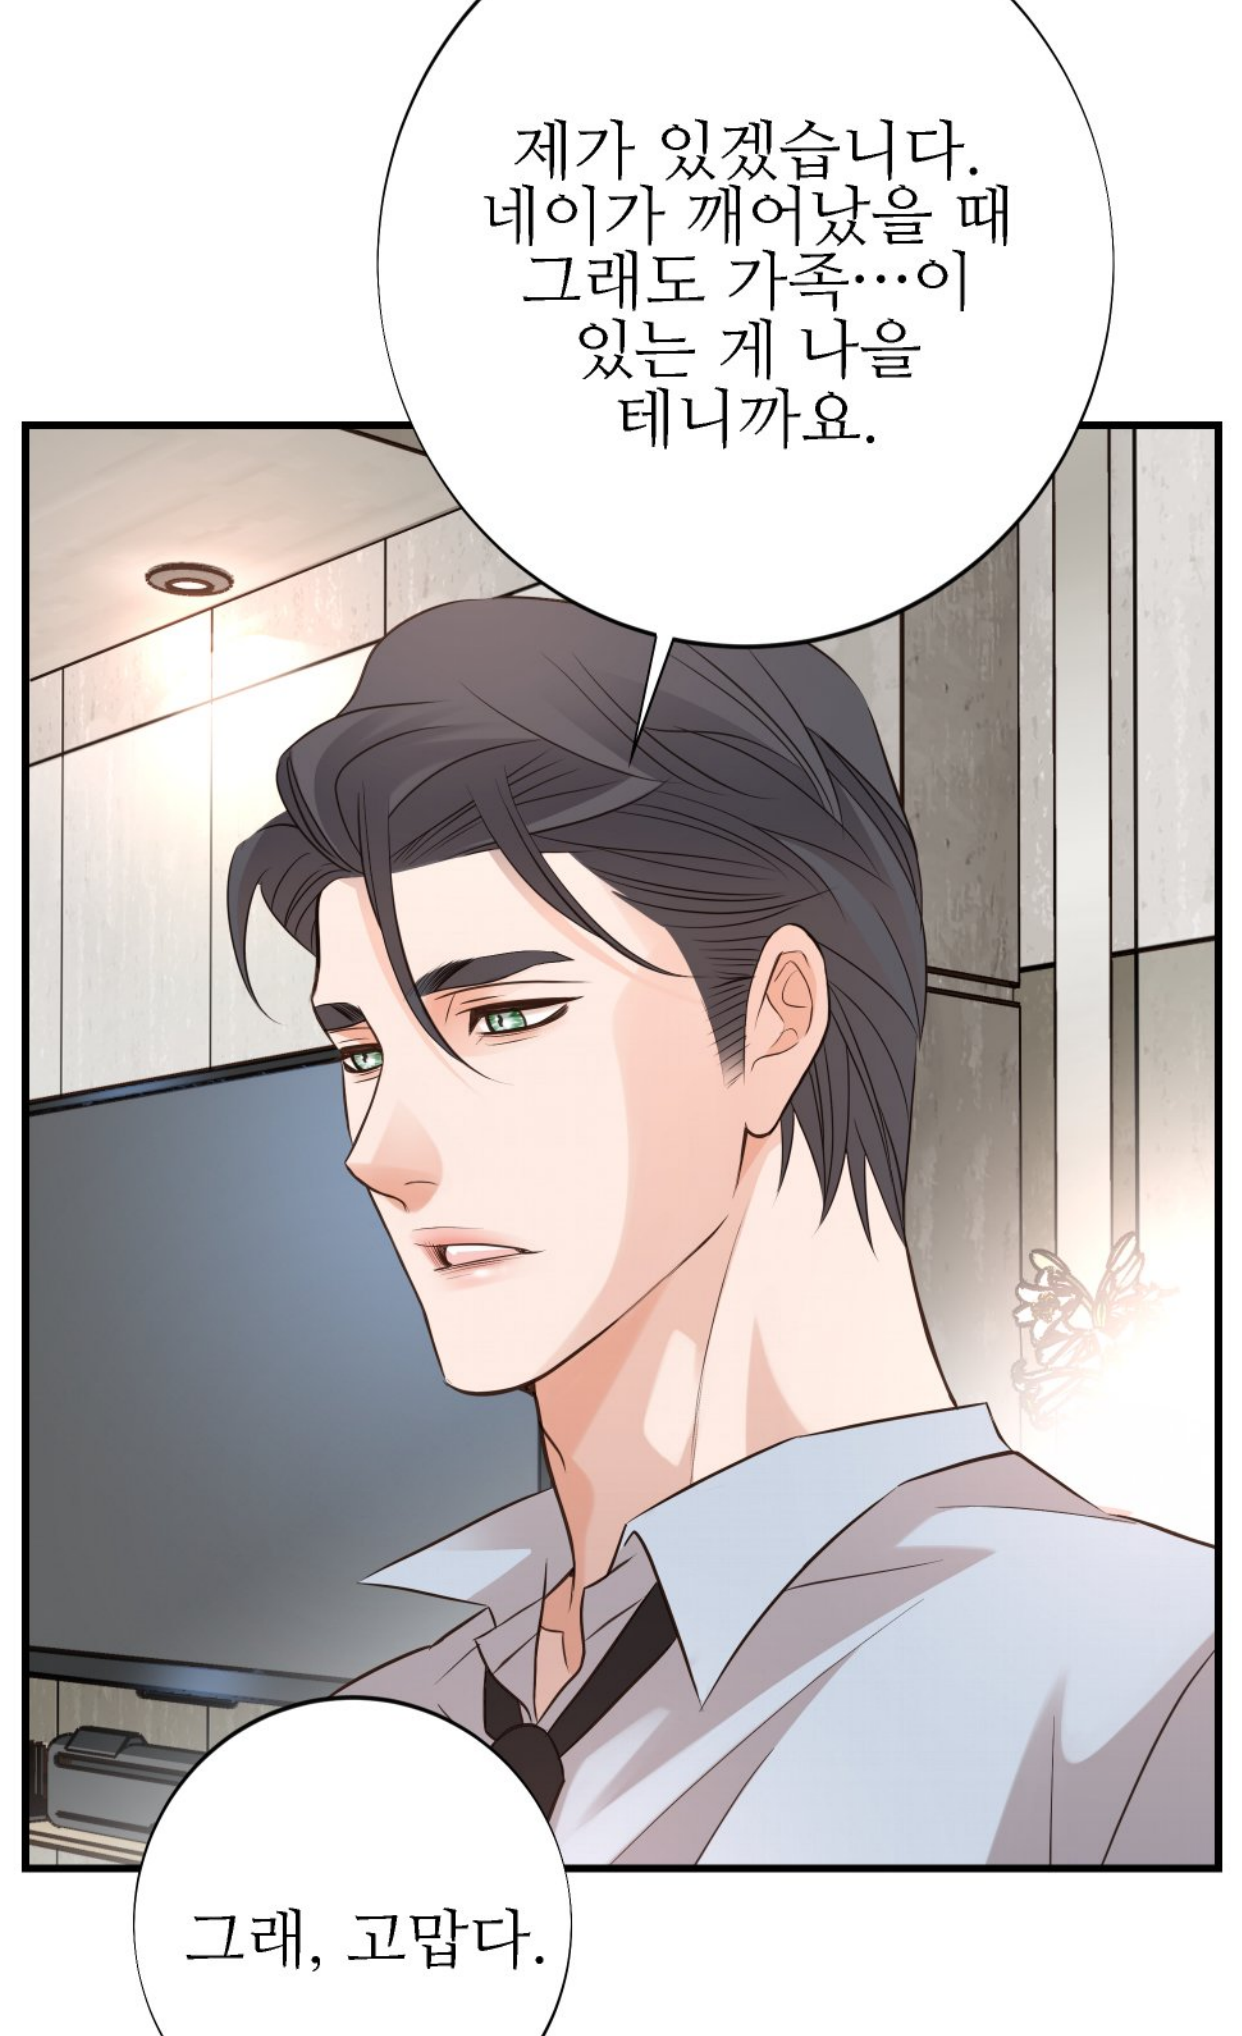

네.
제 생각도
같습니다.

난 회사로
돌아가 봐야
할 것 같은데...

제가 있겠습니다.
네이가 깨어났을 때
그래도 가족...이
있는 게 나을
테니까요.

그래, 고맙다.

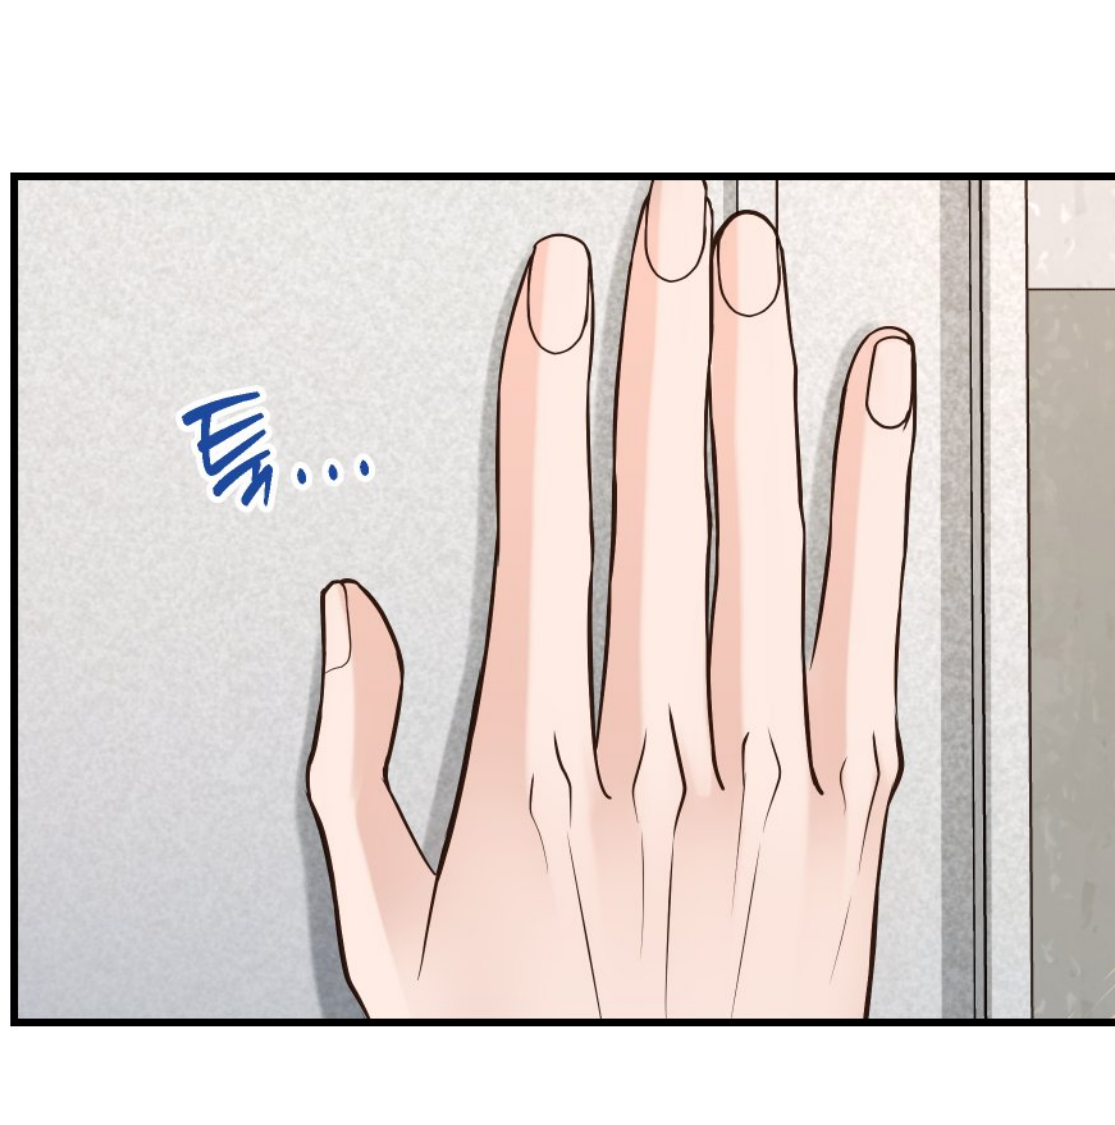

이 참에
너도 별실에서
좀 쉬고.

현장 분석
결과네요?

그 보고를
받으러 가는 길이다.
무슨 일이 벌어진 건지
일단 파악해야지.

네.

여기
현장에서 발견한
설계도의 파편, 그리고
분석결과입니다.

흐음...

보안은 잘
처리했겠지?

물론입니다.
이너서클 안의
연구원들만
압니다.

음.

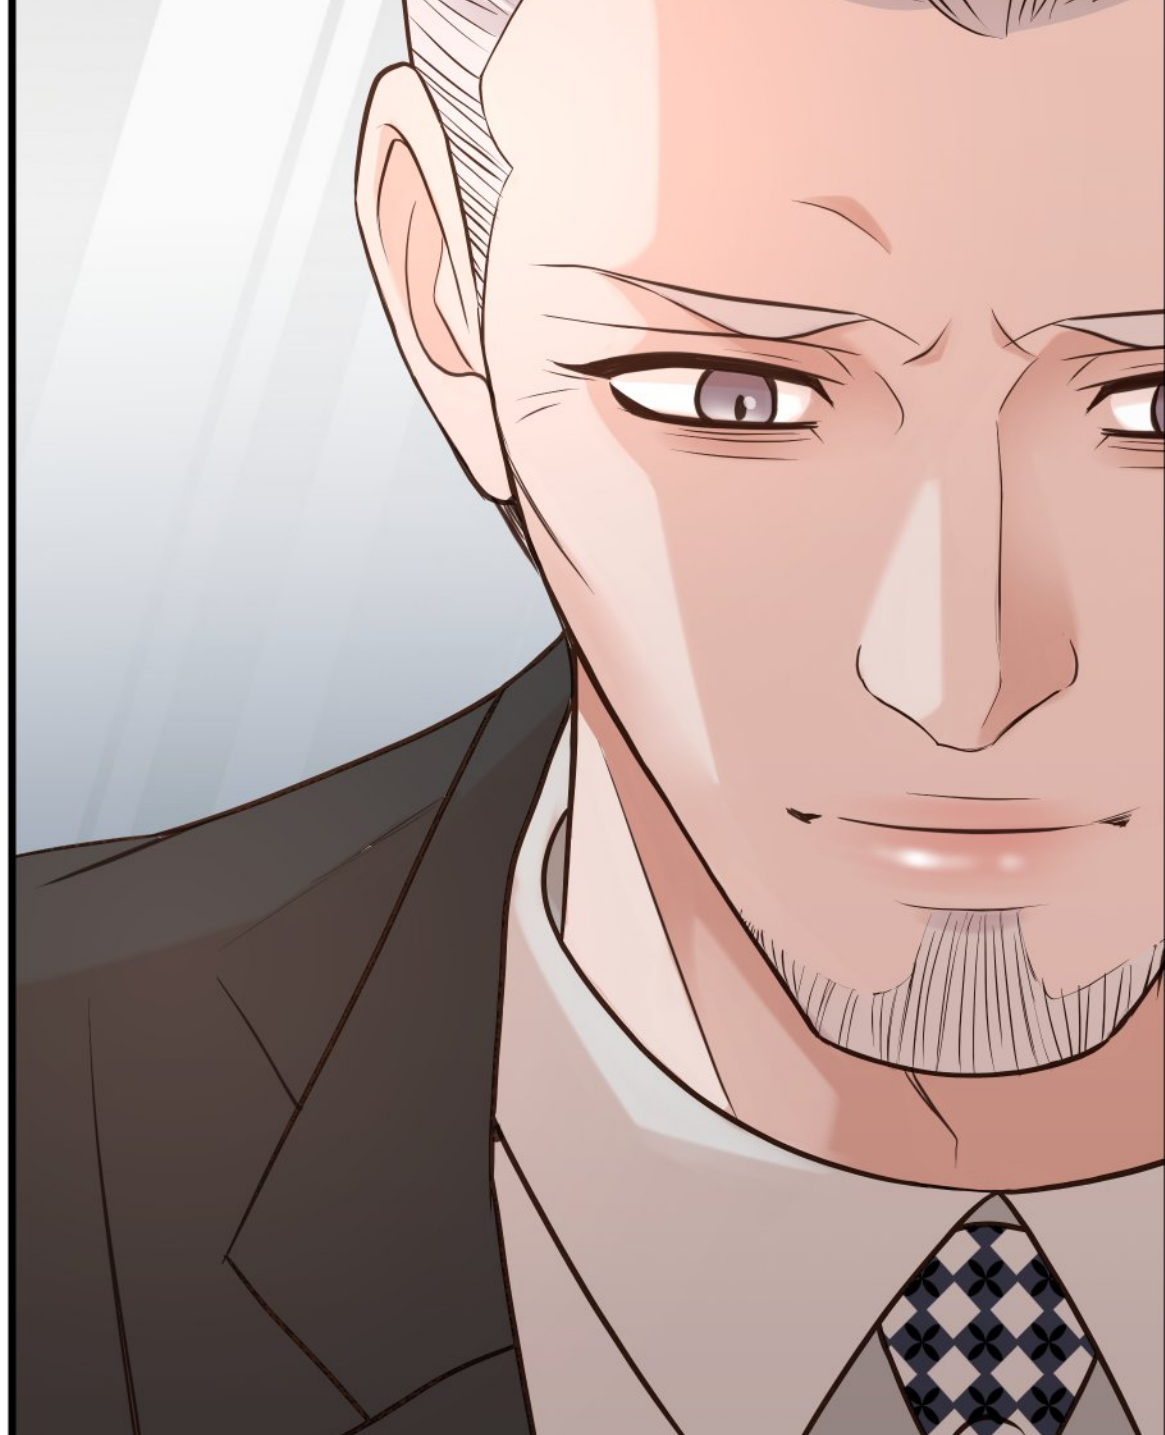

...허가 받지 않은
연구였지?

네.
그것도...

...
타임머신입니다.

어떤?
우리에게 있는
타임머신 기술은
여러 종류일 텐데.

신체나 인격이
그대로 이동하는
타입은 아닙니다.

전달되는 것은
현재의 기억 뿐
...

그것이
과거의 자신에게
입력되는 방식인
듯 합니다.

...그럼
입력받는 쪽은
어느 날 갑자기
앞으로 일어날 일을
알게 된단
말인가?!

자다...

네,
그렇습니다.

아무리 조박사라도
자기 연구를 하는
틈틈이 개발하기에는
너무 섬세한 기기였을
겁니다.

기체가 거의
붕괴 직전의
상태였으니
제대로 작동하지는
못한 것으로
보이고요.

만에 하나 잠시
연결이 되었더라도...
제대로 된 건
아니었을 겁니다.

좋아...

이 정도면
걱정했던 것보다
일이 커지진
않겠어.

으...으...

퍽
